

Rotarians Told of Dow Chemical Origin

The origin of Dow Chemical Co. and its progress as a major industry in this area were outlined before members of the Granite City Rotary Club at their luncheon meeting in the YMCA Tuesday by Edward J. O'Connor, supervisor of salary employee relations at the Madison plant.

O'Connor explained the products manufactured by Dow and displayed samples of the interlocking aluminum extrusions which are manufactured at the Madison plant and are used by military forces as "instant airfields." He said the extrusions are locked together to form a level landing area in a short period.

William Mehl and Charles Hasse, Madison Rotarians, and Robert Healy, member of the Edwardsville club, were guests along with Chaplain John Paul Jones of the Army Depot.

Assistant Chief Teller Instructs Auxiliary Unit

Granite City Assistant Police Chief Teller instructed local auxiliary policemen Tuesday evening on the subject "Law of Search and Seizure." The session was one of a series in the current "Law and Order" training course, sponsored by the city Civil Defense and police department.

Instructing the class at its previous session was Patrolman Glenn Wright, who spoke on "Field Note-taking and Report Writing." Next week, Auxiliary Police Sgt. George Durbin will address the group on "Firearms-Care, Maintenance and Familiarization."

Special Session Tonight For Pontoon Board

Pontoon Beach village board of trustees will meet in special session at 7 p.m. today in the Long Lake fire hall, Village President Thomas Staloff announced yesterday.

Purpose of the meeting is to accept a plat for the second addition to Lakeview Estates subdivision, requested by Green Construction Co., the official said.

ahead and build apartments there. Then we would be in trouble."

71 Substandard Bldgs.
Included in the four-block area are 24.9 acres with 87 buildings, of which 71 are classified as substandard. The structures include 67 residential buildings, with 61 classified as substandard, and 20 commercial or non-residential buildings of which ten are substandard.

It is anticipated that 12 of the 87 buildings in the area would remain standing. Relocation would be required for 140 families, 16 individuals and ten businesses, with the cost of relocation estimated at \$20,600.

Overall cost of the program has been set at \$1,811,424, including the \$60,594 figure for planning which is authorized by the resolution now on first reading. Estimated proceeds from disposition of land is estimated at \$33,160, leaving a net cost of \$1,478,264.

Urban Renewal Hits Snag in Planning Bill

Possibility that plans for the city's recently proposed Urban Renewal project may encounter some opposition among Granite City council members developed Monday night with introduction of a resolution authorizing an application for a federal land grant to finance surveys and plans.

Alderman Nomm, chairman of the Ordinance committee, presented the resolution with the suggestion that it be placed only on first reading and not advanced to final passage so that the council would have time to study certain portions of the resolution before taking final action.

After reading the resolution, Nomm remarked that he would "go along with placing it on first reading, but that doesn't mean I will vote for it." Four other aldermen voted against placing it on first reading. They were Aldermen Moerlein, Bartosiak, Whitmer and Barschick.

If passed the bill would authorize Mayor Donald Partney to apply to the Federal Housing and Urban Development Agency for a \$60,594 grant to finance the studies, surveys and preparation of detailed plans for redevelopment of the four-block area. It also would authorize the mayor to represent the city in negotiations for future grants for carrying out the project.

Application Filed.
Plans for the project were announced two weeks ago after Mayor Partney filed application in Chicago with HUD for a \$1,666,798 federal grant to carry out the proposal.

While introducing the resolution Monday night, Nomm specifically called attention of council members to one passage of the enabling resolution.

The text in that particular instant set out that to qualify for federal funds the city "is cognizant of the conditions that are imposed in the undertaking and carrying out of urban renewal projects with federal financial assistance under Title I, including . . . the prohibition of discrimination because of race, color, creed or national origin with respect to housing, facilities related to residential use, and all public facilities within a project area . . . and employment."

Nomm told the council that the passage "troubles me" and should be "given a lot of thought by the aldermen." At the same time he told the council that he had received a number of calls from persons in the area "and they are worried about what is going to happen to them."

The city has maps with buildings designated.

Nomm repeated that caution is necessary in proceeding on the urban renewal project "because we don't know what can happen down there (in the renewal area)."

Alderman Bartosiak told the council "for all we know, after the surveys are made, the government could tell us to go

Record City Sales Tax Pace Even Before Increase Voted

Even before the increase in municipal sales tax here this year, Granite City, Ponton Beach and the Quad-Cities appeared headed for record sales tax income.

Latest Illinois Department of Revenue statistics completed this week show January-June half-cent-a-dollar sales taxes of \$153,696 in Granite City, \$909 at Ponton Beach and \$186,498 in the entire local community.

Similar figures for the first half of 1966 were \$147,829, \$289 and \$180,396.

Madison qualified for \$25,000 and Venice for \$586 in the first six months of 1967, slightly below the January-June 1966 totals of \$25,951 and \$595.

Five-Cent Combined Tax
The municipal share of the sales tax was boosted from a half-cent to three-quarters of a cent per dollar of sales effective Sept. 1 in most cities and villages in this region. The state share advanced from three-and-a-half cents to four-and-a-quarter cents July 1.

Granite City's \$153,696 six-month tabulation consists of \$22,132 revenue for January 1967, \$23,204 February, \$28,318 March, \$23,639 April, \$29,881 May and \$29,140 June.

Similar breakdowns for other municipalities:

Madison—\$402 January, \$3541 February, \$4750 March, \$4086 April, \$3625 May and \$5060 June, a total of \$25,951.

Venice—\$933 January, \$876 February, \$961 March, \$1093 April, \$871 May and \$1150 June, a total of \$586.

Ponton Beach—\$149 January, \$157 February, \$185 March, \$168 April, \$186 May and \$81 June, a total of \$909.

Quad-Cities (Granite City, Madison, Venice and Ponton Beach combined)—\$27,247 January, \$27,779 February, \$34,215 March, \$29,277 April, \$31,545 May and \$35,433 June.

Collection Patterns
The amounts vary from month to month because of varying sales and also because of collection policies.

Some taxpayers file returns on a quarterly basis, reflected in March, June, September and December collections, and some file on an annual basis. The

Granite City PRESS-RECORD
Thurs., Oct. 5, 1967 Page 3

There has been a gradual increase in municipal sales tax income locally due to inflation, the expansion and diversification of the retail industry here, and the steady growth of the Quad-Cities.

Twelve-month totals for 1966 all were records—\$314,273 in Granite City, \$53,393 in Madison, \$12,349 in Venice, \$1509 in Ponton Beach and \$381,576 for the four combined.

New Records Certain
Due to the change in the sales tax from a half-cent to three-quarters of a cent, beginning last month, 1967 city sales tax income should top 1966 and the 1968 level should be higher still.

On a full-year basis, the quarter-cent increase involves probable revenue boosts of \$17,000 for Granite City, \$26,000 for Madison, \$6100 for Venice, \$700 for Ponton Beach and an aggregate increase of \$18,000 for the Quad-Cities. Thus, the 1968 Quad-City collection may approach \$600,000.

Collection of the half-cent-a-dollar tax began in the three local cities in February 1966 and in the village of Ponton Beach in January 1964.

The 50% increase in the city-village tax was authorized by the Illinois General Assembly in its regular 1967 legislative session ending June 30.

GM&O, IC Railroads Planning to Merge
An agreement on the basic terms of a merger between the Gulf, Mobile & Ohio and the Illinois Central Railroads was announced this week by their respective presidents. A stock exchange ratio between the two companies was approved by their executive committees.

Director and stockholder approvals will be sought immediately. Plans also were announced to acquaint shippers and the public with advantages of the proposed partnership.

The stock exchange ratio would be 2.25 shares of Illinois Central Industries common stock for each share of GM&O common stock. The two roads serve the same general territory, particularly in the south.

Graduate Business Study Test Applications Ready
The Counseling and Testing Center at the Southern Illinois University-Southwestern Campus is urging prospective students in business to apply early to take the standard admissions examination usually required by most schools and divisions.

Although the first opportunity for taking the Admissions Test for Graduate Study in Business isn't until Nov. 4, SIU officials point out that registration forms must be submitted to the Educational Training Service two weeks before the exam date.

The office is in Princeton, N. J. Other dates for the exams are Feb. 3, April 6 and July 13.

Urges County Police for Protection in Rural Area

Contents of a letter which he has sent to the Madison county board of supervisors to protest the position of Sheriff George Musse relative to police protection in unincorporated areas of the county were made public yesterday by House Speaker Ralph T. Smith, (R) of Alton and former Granite Cityan.

Smith pointed out that in this year's General Assembly session he sponsored House Bill 186, passed by the Legislature and signed by the governor, which "is a good, common sense approach to the matter of providing police protection in the unincorporated areas of this or any other comparable county."

Smith noted, the bill provides for the creation of a county police department under the jurisdiction of the sheriff, functioning in general like municipal police departments. The basic feature of the bill, he emphasized, "is that its creation would be only by a referendum vote of the people who live in the unincorporated areas. Further, the expense of providing such police protection would be borne solely by the people who live in the unincorporated areas."

Unfair for Cities
"Certainly since we live in municipalities in the county are already paying taxes to provide our own police protection, it is not reasonable that the taxes of the people who live in the cities should be increased to provide police protection for those who live outside corporate limits."

"I know there is strong support for this approach throughout the unincorporated areas of Madison county because I have heard from many of these people," the letter went on. "The idea of the sheriff to put on a few more deputies at the expense of all the people in the county is certainly not a realistic approach to providing police protection for these people in my judgment."

"I agree with the sheriff that a reasonable increase in salary for his deputies is an essential thing, since I agree that no one should be expected to carry a gun and enforce the laws of the state for the salaries we now pay."

"May I suggest, however, that before you go through the motions of doing something by way of adding a few deputies, you consider thoroughly the possibility of a county police department as the only realistic solution to the problem of providing police protection in the unincorporated areas of Madison county."

Monroe Declares Bar Charges Inaccurate

Chief Circuit Judge James O. Monroe declared this week that a criticism on his civil trial setting system by the Madison County Bar Association was "incomplete, inaccurate and superficial."

He referred to a statement prepared by Lance Calais of Granite City, head of the bar's judiciary committee, calling for a return of a chronological system of setting civil cases, rather than a new system which appeared to give preferential treatment to certain cases.

Judge Monroe said, "Such statements may serve as an outlet for pique and spleen but do not aid in the administration of justice."

However, the judge has informed county attorneys that the change in the setting of civil trials would be in effect temporarily for the setting list of Oct. 16, 23 and 30 and Nov. 6. After that, the setting will return to the chronological system as favored by the attorneys.

Judge Monroe said, however, that he would intersperse old and current civil cases if some of the older cases are not ready for trial. He noted that lawyers who often are not ready for trial of old cases when they are called and that "judges, juries and tax money were being wasted to suit the whims of lawyers."

Charged in Accident

Douglas R. Horn, 2621 Hemlock street, was charged with careless driving after his auto ran into the back of another driven by James R. Merslinger, 1677 Market street, Madison, at 11:20 p.m. Monday at 1500 Madison avenue.

Village Board Plans Restriction On Auto Parking

An ordinance placing parking restrictions along three streets in Lakeview Estates will be prepared by Pontoon Beach officials and a recommendation by Dr. Dean E. Rochester, a village trustee and resident of the subdivision.

He said that despite a 20 mph speed limit in the residential area, a serious hazard to children playing in the subdivision was created by vehicular parking on both sides of three heavily-traveled thoroughfares. He added that vehicle passage was restricted to one auto with parking on both sides. The proposed ordinance would prohibit parking on the south sides of Lakeview and a Victoria drives and the north side of Victoria.

Village President Thomas Stalcoff is announcing that delivery of the village's new vehicle is delayed due to the automobile industry strike. The village authorized Stalcoff to make an initial payment of \$310 was received by the village last year.

A balance of \$12,320 in the motor fuel tax account, included the September allotment of \$457, and a June payment of \$415. Bills approved from the account in September, totaled \$698, included \$3870 to Mid-West Asphalt Co.

August balances in other village accounts totaled \$12,471, General Fund; \$798, Village sewer account; and \$670, road and bridge fund.

Powerful Alton Eleven Hosts Warriors Friday

The Granite City high school football Fighting Warriors will have to play their own mistakes of the year in order to bring home their first win of 1967 tomorrow from Alton. Game time is 8 p.m.

Leading contenders for the Southwestern Conference title this year, the brawny Redbirds bashed perennial favorite Alton St. Louis 26-6 last weekend. Alton so far has allowed only the one touchdown in three games while tallying 133 points, an average of 44 a game.

Although Friday host team is heavily favored, it has often bit the dust in competition with past Warrior grid squads. GCHS has won 16 games against Alton, lost 27 and tied twice.

Shut out 40-0 by Alton in 1965 after a 33-0 loss in 1962, the Warriors won 13-0 and 27-7 in the next two years before losing 14-27 last year.

90-Pound Line Average

"This year, Alton has a coach's dream," GCHS Coach Jim Morrison believes. "It is a one-in-a-lifetime group of young players at Alton."

Alton Coach Ed Yonkus is equally impressed with the Redbirds' prospects, not only this season but for years to come.

"Many have been noting that we have mostly a senior team, and that is true, but we have a group of boys in the lower ranks that are just as good as the better in some instances."

"What I am afraid of is

that the boys are going to take Granite City too lightly and get beaten by their own mistakes. "We don't have any particular weakness to work on this week. We need to polish up the plays that we know, and we need to remember that the season is still young and that anything can happen and has happened to other teams before."

Expects Passing Attack

Yonkus said he expects Granite City to "pass quite a bit."

GCHS tied its first game with Cahokia 13-13, lost to Belleville East 27-0 and lost its opening conference game to Collinsville last Friday 25-7.

Yonkus commented that his scouting reports indicate the Warriors should not be taken lightly.

They had a couple of bad breaks in the game with Collinsville.

Alton beat Quincy in its opener 47-0 and annihilated Marquette of Alton 60-0 before defeating East St. Louis in its first conference game.

Seven TD's by Wallace

The Redbirds not only have a big line and 24 returning lettermen, but a backfield that includes 200-pound fullback Frank Holmes and 175-pound Redbirds' prospects, not only this season but for years to come.

Holmes and Wallace each scored two touchdowns against Quincy, with Wallace scoring three TD's and Holmes two against Marquette.

Wallace tallied two touchdowns against East St. Louis.

Unbeaten GCHS Sophs Defeat Kahoks, 14-6

The Granite City high school sophomore football team remained undefeated Monday as it won 14-6 at Collinsville. Granite City scored in the first and second quarters and the Kahoks in the second quarter.

Dep Haddix made the first touchdown on a 12-yard run and Jim Greenwald scored from five yards out, going off-tackle.

GCHS had a 46-34 edge in passing yardage but trailed 12-7 in yards gained on the ground.

Warrior Runners Win First Test on New Wilson Park Course

The GCHS cross-country team made it five wins for seven outings as it outran Cahokia 24-31 over a new Wilson Park course Tuesday.

Warrior Richard Hull placed second in 10:12, two seconds behind Cahokia's John Baugh. Gary Oxford was third in 10:13, Mike Burris fourth in 10:15, Mike Welsor sixth in 10:21, Steve Harris ninth in 10:27, Ricky Rose tenth in 10:31, Tom Niebur 12th in 10:35, Ralph Rojas 13th in 10:36 and Carl McDowell 16th in 10:50.

The new course was necessitated by the new ice skating rink. The runners now out through the park instead of circling around it.

Triad, New to League, Trojan Foe Here Friday

The Madison high school football Trojans will be going for four in a row as they play their second Midwestern Conference game of the year at 8 p.m. Friday on the Madison field, opposing Triad, a new member of the conference.

The visiting Knights have dropped their only two games, both of them Midwestern contests, bowing to Cahokia 47-0 and Roxana 39-6, when Halfback Jim Bast scored his team's first varsity touchdown on a 56-yard reverse play. Other backfield standouts include Bill Huston and Ed Borst.

Experienced only through junior-varsity games in the past two years, the Triad squad consists of 35 players and has had to play most of its starters both on offense and defense, an endurance handicap when meeting teams that platoon.

All-Winning Record

Madison opened the season against O'Fallon with a 14-12 victory, the credit going to a strong defensive line. Next the Trojans downed Western Military Academy 35-12 although suffering some ball control problems. Last week's league opener was a 20-15 victory over Highland.

At the start of the year, Madison Coach Harold Schiebel said he did not expect Madison to have a powerful team; this week he said he still does not regard it as a powerhouse.

"We manage to use every pound that we have in the right places and have been successful so far. We planned at the start of the year to be a ball club that did a lot of passing, but I have had some surprises going."

Noting that Madison often sustains injuries in non-league games, making it harder to contend for its conference title, a Southwestern coach told the Press-Record, "With the Trojans having no injuries to plague them, they are really going to be a team to beat if they can keep their momentum going."

Red Devils Win Twice, Place Third in League

With Bunker Hill capturing the MCM Conference baseball championship with a 6-0 record and Livingston second at 5-1, Venice high school finished third with four wins and two losses on the strength of two victories this week. A Livingston-Bunker Hill contest Tuesday decided first place.

Coach William Ohlendorf's Red Devil diamond squad defeated St. Paul of Highland 103 Monday at Lee Park and then won 8-4 at Worden Tuesday. Rain had caused the games to be postponed earlier in the fall season.

Against St. Paul, Russ Turner picked up his third pitching victory on a five-hitter and hit a single himself. Larry Mosby doubled in two runs in the fourth inning and also singled and walked, while Fessor Gray homered and a hit two singles.

Turner again was on the mound Tuesday, being relieved by Mosby in the sixth inning. Collecting ten singles, Venice tallied two runs in the first, four in the fifth and two in the sixth to offset Worden's single tally in the third and three sixth-inning runs.

interception. John Hagler scored the last two TD's on six-yard and 16-yard passes from Britt.

Harold James kicked three extra points and Britt sneaked over for another.

Quarterback Ronny Britt plunked for three yards and then threw to John Irvin on a 45-yard pass play.

Willie Ackers, adept at snaring fumbles and passes and making key tackles, again was in the right place at the right time with a 15-yard end run and a 45-yard runback of a pass.

\$100,000 Budget Sought For County Air Board

A \$100,000 budget for the Madison county air pollution committee is being presented to the finance committee of the county board of supervisors for consideration today.

William G. Straube, committee chairman, said the budget would consist of \$25,000 from county general funds and \$75,000 in federal funds. The budget request is based on the assumption that an air pollution ordinance that can be enforced in municipal as well as unincorporated areas. Atty. Gen. William Clark has ruled that county air pollution ordinances cannot apply to municipalities unless the cities lose their certificate of exemptions from the state.

The request includes \$40,000 for technical and office equipment, \$38,000 for salaries, \$5000 for travel expenses, \$5000 for per diem and mileage for an air resources board and \$3000 for telephone and other expenses. The salaries would pay a technical secretary, an engineer, an inspector and a stenographer.

Expanded roles of the Red Cross and the USO due to the war in Vietnam were cited at yesterday's Madison Rotary luncheon by John Solenberger, United Fund executive director.

Solenberger also reviewed the programs of the other UF agencies in urging 6% larger contributions to the current drive. He was introduced by William F. Winter, President, Harvey Miller presided.

For part of the meeting the club members watched their wives during a Rotary-Ann visit to a St. Louis television program.

Plans were made for the annual benefit Madison Rotary smorgasbord Sunday, Nov. 15, at the Madison recreation center.

Girl Scouts

Farmington, take Highway 00 to State Route F and east on Route F for 8.6 miles, to the camp.

Girl Scout officials point out that the property will be developed to serve more than 12,500 girls and 2000 adult leaders in the River Bluffs Council area.

The council's jurisdiction covers the counties of Madison, Jersey, Monroe, St. Clair and Calhoun, plus seven townships in the southern part of Macoupin county, Red Bud in Randolph county and New Baden in Clinton county.

Council officers noted that during their tenure of office, past council presidents, Mrs. Charles Allen, Mrs. John Marsh and Mrs. Eubanks, each carried out an exhaustive search for a campsite suitable for troop and residential camping. The desired location was finally discovered during Mrs. Eubanks' term of office.

Funds to purchase the property were obtained by the Girl Scouts themselves through the annual sale of Girl Scout cookies, Mrs. Eubanks explained.

SIU-SW's Union Seminar Opens Today

Prominent union officials, including Robert Gibson, former Granite Cityan, will be spotlighted at Edwarsville today through Saturday as Southern Illinois University-Southern campus hosts 200 labor officers and agents in a union leadership seminar. Gibson, who is secretary-treasurer of the Illinois AFL-CIO, is emceeding today's program.

The seminar precedes a Labor Institute which begins in November at the campus, and is co-sponsored by SIU-SW and area unions.

A plaque will be dedicated Saturday commemorating workers who died helping to build the new campus.

The leadership seminar began today at 1 p.m. in the Communications Building auditorium. Among the speakers are Harold Gibson, vice-president of the International Brotherhood

of Teamsters; Joseph Cointon, directing business representative of the International Association of Machinists and Aerospace Workers' local district; and Robert Ozzane, director of the School for Workers at the University of Wisconsin.

Gibbons, who speaks Friday afternoon, will talk on union leadership as it relates to the community. Cointon and Ozzane have the podium Thursday morning and Friday morning, speaking on leadership in the labor movement and union leadership as it relates to management.

Others scheduled to talk are Ruben Soderstrom, president of the Illinois AFL-CIO, and John D. Carney, educational representative for the Steelworkers of America. Fern R. Rauch, assistant director of the Illinois Department of Labor, will read Gov. Kerner's comments at the

plaque dedication ceremony. The \$x12-inch bronze plaque will be mounted Saturday morning on a stainless steel frame beneath the national flagpole on the campus front lawn. A time capsule marking the termination of the campus year of dedication will be buried immediately afterward at a specially-prepared site on the brick-floored mall.

SIU President Delyte W. Morris will award certificates to the officers and agents attending the program. They also will receive souvenir briefcases with SIU Labor Institute stamped on the side.

Other SIU officials will give talks and serve as emcees for certain aspects of the program. Activities will conclude Saturday afternoon with a barbecue at Tower Lake picnic area served by the University's food service.

Gifts of Ministers

Draftees from Area To Get New Testaments

Quad-Cityans being drafted will be given special editions of the New Testament under a program adopted by the Quad-Cities Ministerial Association.

Dr. Raymond Troyer, president of the association, announced during Tuesday morning's meeting of the group, that the initial presentations will be made Oct. 20 to four local youths. Cooperation of the Tri-City Red Cross Chapter, whose volunteers serve rolls and cof-

fee to the draftees, has been extended.

The 17 members of the association, who met at St. John United Church of Christ on Tuesday, voted support of the Big Brother program of the Co-ordinated Youth Services. Appeals will be made in the churches for men to help fatherless boys.

Dr. Troyer reminded members of the Clergy-Mental Health seminar to be held Oct. 23 at the SIU-SW campus.

Mrs. Marilyn Harrison, 44, Dies in Indiana

Mrs. Marilyn O. (Martin) Harrison, 44, of Indianapolis, Ind., a former local resident, died yesterday at the Community Hospital in Indianapolis. She had been seriously ill for several weeks with a brain tumor.

Born in Massac county, Ill., Mrs. Harrison received her grade and high school education in Carbondale and was graduated in 1943 from Southern Illinois University-Carbondale campus. She and her husband, Russell F. Harrison, who survives, attended the College of the Bible in Lexington, Ky., in preparation for the Christian Church ministry.

Mrs. Harrison was widely known for her activities with the United Christian Missionary Society of the Disciples of Christ. Prior to moving to Indianapolis about seven years ago, Mrs. Harrison and her family resided at Montclair, N. J., and for a short time in Granite City.

Besides her husband, she is survived by two daughters, Mrs. Linda Collins of Indianapolis and Miss Margaret Harrison, 15, at home; one son, James Harrison, a student at Culver-Stockton College, Canton, Mo.; her parents, Mr. and Mrs. Olen N. Martin of Carbondale; two sisters, Mrs. N. Martin of Ingleswood, Colo.; and her parents-in-law, Mr. and Mrs. Ivan F. Harrison, 2562 Cleveland blvd.

Funeral arrangements are given in today's obituary column.

Surgery for Dr. Koch
Dr. Felice Koch is recovering at St. Elizabeth Hospital from major surgery which she underwent Monday.

War I Vets, Auxiliary Elect New Officers

Madison Barracks 34 world war I Veterans and Auxiliary met Tuesday evening at the VFW Hall and elected new officers.

The Barracks officers include Ernest Stuchmesser, commander; Roy Pinkerton, senior vice-commander; George McGarran, junior vice-commander; Joseph Bergrath, quartermaster; Henry Bax, chaplain; Jay Elliot, judge advocate; and Larkin Conaway, three-year trustee.

Elected in the Auxiliary were Ethel Petri, president; Shirley Stanfill, senior vice-president; Mathilda Reither, junior vice-president; Irene Hendricks, treasurer; Elizabeth Bergrath, chaplain; Vera Schilling, conductress; Gracie Hutchins, guard; and Edith McAllister, three-year trustee.

The appointive officers are Kathryn Fellers, secretary; Anna Schwartz, Marie Stuchmesser, Clara Conaway and Mary Breidenbach, color bearers; Clara Redmond, flag bearer; Ida Cox, banner bearer; Grace Branding, historian; Dessie Knipping, musician; and Gusie Chatham, patriotic instructor.

Commander Otto Schwartz and Mrs. Edith McAllister, president, were in charge at the meeting attended by 56 members of the two groups.

Plans were made for the hospital chairman, Mrs. Hutchins, to visit the Alton State Hospital, and for several members to attend the Department of Illinois Board of Administration meeting in Peoria over the weekend while others will attend a Fourth District meeting in Nokomis.

STANDARD CLIPPINGS BAG. TORO pioneered grass and leaf bagging attachments for rotary mowers in the first place, and this year they're even better. This standard equipment bag clamps on with one hand, and it has a heavy-duty bottom. No zippers to clog, either.

SAFETY SPIN START. You wind up the "impulse" starter, step behind the mower handle, for safety, and push the lever to "start" position. Chokes automatically.

THREE OR 3 1/2 HP. FOUR-CYCLE ENGINE. Starts easily, runs smoother than cheap 2-cycle engines. No mixing of gas and oil.

MAGNESIUM HOUSING. The lighter-than-aluminum stuff they use in airplanes.

AUTO-OILER. A visual oil filler. Push the button and you're sure the crank case is full. No plug, no funnels, no oily fingers.

CLEAN-OUT PORT. When you're through mowing, let the engine idle and run a little water into the clean-out port. The blade splashes it all around under the housing and washes it out like new.

TRIMMIT. You know that grass along the sidewalk that won't stand up? This little device props it up so the blade can clip it off cleanly.

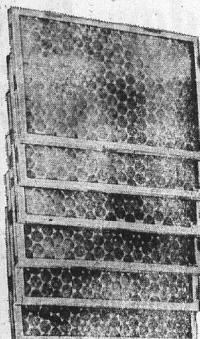

WIND-TUNNEL HOUSING. TORO's "S" shaped cutting blade actually creates a powerful suction under the housing. It pulls grass up for a more even cut. "vacuums" leaves, too. (Exclusive trademarks of Toro Manufacturing Corporation)

Driver Training, School Aid Funds Topics in Venice

State approval of \$21,293 in Title I funds to finance special programs in the Venice school district in 1967-68 was announced at a school board meeting Monday evening.

Supt. John W. Piers added that \$1450 has been allocated in Title II funds. He reminded board members that \$14,700 still is due the Venice district in Title I funds for completion of 1967-68 programs.

Continuation of driver training was authorized after Piers said he had been unsuccessful in obtaining a satisfactory leasing contract with local auto dealers. The lowest bid on leasing an auto, for a ten-month period, amounted to \$1800, he said.

The administrator said discussions with auto dealers outside the immediate area resulted in a recommendation that the board accept a contract with Tom Smith Rambler, St. Louis, which agreed to lease a driver training auto at a cost of \$670 for the same period. The district will be responsible for insurance, gas and oil expense, with maintenance of the vehicle included in the lease figure.

Also approved was an annual audit report, submitted by the C. J. Schlosser firm. Copies are to be filed with state school authorities.

Retain Psychologists

Board members agreed to renew a \$350 annual contract for psychological services in a joint program with other Madison county schools. They approved a building valuation and appraisal study for insurance purposes by Marshall Stevens Co., engineering firm, at a cost of \$95.

The resignation, effective Dec. 15, of Mrs. Jean Trotter, a girls' physical education teacher at the Lincoln school, was accepted. Mrs. Trotter and her husband are moving to Lansing, Mich.

Purchase of an audiometer, used to test hearing deficiencies, was authorized. Maico of St. Louis submitted the low bid of \$405.

The equipment will replace a machine used by the Venice schools for the past ten years. It includes earphone attachments.

Monthly bills approved for payment included \$22,286 from the education fund, \$2351 from the building fund and \$392 from the transportation fund.

C. of C. Board Re-Elects Kaseberg as President

Directors of the Tri-Cities Chamber of Commerce re-elected Howard W. Kaseberg as president and Leo H. Konzen, vice-president, at the Chamber's annual election meeting Tuesday evening in the Rose Bowl restaurant.

New Chamber officers elected to serve with the returning executives in 1967-68 were C. E. Townsend, Press-Record editor and publisher, vice-president; and E. G. Schmidt, retired Illinois Power Co. official, treasurer.

In addition to selecting new officials, directors authorized a \$10 increase in annual dues—the first since 1960, and heard reports of a recent membership drive that added 35 new members.

Kaseberg, operator of a 1200-acre farm near Highway 111 and proprietor of the Lakewood Equipment Co., construction and farm equipment distributor, has been active in Chamber affairs for several years.

A local resident for 44 years, Kaseberg attended local grade and high schools and Washington University. He was a 1941 honor graduate of the University of Illinois and served aboard a destroyer from 1942 to 1945 and again from 1950 to 1952 during the Korean conflict.

A brief orientation of the board activities was presented by President Kaseberg, who also reviewed Chamber by-laws and specific points of interest in current programs. Directors were asked to provide programming suggestions for the new year, with proposals submitted to be evaluated and discussed at the next meeting.

A voluntary, one-time subscription, amounting to \$15, was authorized to help boost the sagging financial status of the St. Louis Better Business Bureau, which provides direct services locally on request.

Results of the membership campaign, headed by Arthur R. Koepfer, were announced and a financial report presented.

90 Jehovah's Witnesses Attend Convention

Members of the Jehovah's Witnesses here returned this week from a three-day convention held at Greenville, Angelo Scaglione, 1838 Joy avenue, presiding minister, said between 90 and 100 local persons attended.

The 1117 persons at the convention heard a Bible lecture by the principal speaker, Joseph D. Wengert, district supervisor.

ed by A. E. Froemling, Kaseberg appointed an advisory committee composed of Allen L. Jessee, chairman, Koepfer and Earl Dotzauer.

Chamber members were reminded of the annual C. of C. dinner meeting next Thursday at the Granite City high school cafeteria, at which U.S. Senator Everett R. Dirksen will be the featured speaker. Deadline for placing dinner reservations is Tuesday.

Several local directors are expected to attend the Illinois Chamber of Commerce conference at Chicago Oct. 26 and 27, when Sen. Dirksen and California Gov. Ronald Reagan are scheduled to address delegates.

No Waste Here—United Fund Way

Making every penny go all the way has long been a trait of the Tri-Cities Area United Fund—even to utilize waste of a three-year-old street banner.

While a new banner stretches across Niedringhaus avenue at the city hall, the old weatherworn one has not been thrown away.

The banner, minus the United Fund messages, now is a volleyball net at the YMCA. The "Y" is a United Fund agency.

RT. REV. ROWINSKI Western Diocese Bishop

Bishop Rowinski Will Confirm 10 Here on Sunday

Rt. Rev. Francis C. Rowinski, Bishop of the Western Diocese, Chicago, will be celebrant of a Pontifical High Mass at the Sacred Heart Polish National Catholic Church, Madison, Sunday at 8:30 a.m. The church is at 820 Reynolds street.

During this solemn observance of the 40th anniversary of the Parish, Bishop Rowinski also will officiate at the ceremony of confirmation. The confirmants are: Eugene Brominski, Carol Coghlan, Cynthia Coghlan, Mary Dombroski, Pamela Macios, Robert Prill, Pamela Macios, Robert Prill, Laverne Prill and Carl Rajewski.

The afternoon festivities will begin with a dinner at 4 p.m. in the Venice-Madison American Legion Hall. After dinner, a program will be presented featuring the popular soprano soloists, Marie Kowalski-Schidrowski; a duet by Mrs. Sophie Krinski and Miss Dolores Krinski, and the first appearance of the children's Folk Dance group.

Dr. Stanley B. Kimball, professor of history at SIU will deliver the main address. Dr. Kimball, organizer of the Slavic Friends of the SIU Library, spent many months in the Slavic and Eastern European countries conducting research studies of the cultures of these ethnic groups.

Bishop Francis Rowinski, noted for his participation in many ecumenical conferences, will also address the assembly. The Polish National Catholic Church is a member of the National Council of Churches in America and the World Council of Churches.

A social period will follow with special music.

Open House Sunday At MH Clinic Here

Open house at the new quarters of the Quad-City Center, Madison County Mental Health Society, will be held from 2 to 4 p.m. Sunday. The clinic is located at 2024 State street, north of the Labor Temple.

All Quad-Cityans are invited to tour the offices and facilities which have been in the new location since Aug. 1. Edwin Reiske is president of the local Mental Health board.

TRI-CITIES CHAMBER OF COMMERCE OFFICERS elected Tuesday evening are, from left to right—Leo H. Konzen, vice-president; E. G. Schmidt, treasurer; Howard W. Kaseberg, re-elected president for his second term; and C. E. Townsend, vice-president.

VanMetre to Speak On Laymen's Sunday

Marvin VanMetre, adult program director of the YMCA, will deliver the laymen's address at Niedringhaus Memorial Methodist Church Sunday.

His theme will be "Face on Third, Now Score." The annual Laymen's Sunday will be observed in both morning worship services, at 8:30 and 10:40.

Other laymen participating will be James L. Loy Jr. and William H. Marcus.

Mr. VanMetre came to Granite City from a similar position with the YMCA in Racine, Wis., and was elected lay leader of the local church last June.

In the evening worship hour at 7:30, the sermon will be delivered by Rev. Dean Blackburn, associate minister of the church.

PETS NEED LOVE AND PROTECTION

Only persons who will take good care of pets should own them. Children must be taught not to tease or abuse them. Proper grooming, feeding, exercise, attention, discipline, and medical care are "musts." Only an experienced adult should attempt to break up a dog or animal fight.

There are some effective and safe remedies and health-aids for pets which we will be glad to explain to you. But, just as you should consult a physician when ailments or discomforts persist, it is important that a veterinarian be consulted whenever your pets have returning symptoms of a previous problem.

YOUR DOCTOR CAN PHONE US when you need medicine. Pick up your prescription if shopping nearby. A great many people entrust us with their prescriptions. May we compound and dispense yours?

"It's a Fact! Food Is Cheaper!"

The Consumer today can buy a third again as much steak, four times as much poultry, twice as much butter, eggs and milk with one hour of work as he could in 1939. A typical European consumer has to work four times as long to buy the same amount of beef, five times as long to buy an equivalent amount of ham, three times as long for the same amount of cheese and eggs, as a typical American consumer.

MRS. CHARLENE SANDERS
2037 Dewey Avenue
TR 6-4310

Mrs. Pearl Pinkston, 2035 Dewey avenue, had as house guest this weekend her granddaughter, Mrs. Charlotte Plankton, and great-granddaughter, Karen, of Aurora, Ill. They also visited other relatives while here.

FRIENDSHIP CLASS

INSTALLS OFFICERS

The Friendship class of Second Baptist Church held a pot luck supper Monday evening at the home of the teacher, Mrs. Rome Sturdivant, 2222 Adams street.

Mrs. Maxine Dacus, guest speaker, installed officers for the coming year. She used "Birds" as her theme, presenting each new officer with a different bird according to her office.

Those installed were Mrs. Dean Burcham, president; Mrs. Doris Kudelka, vice-president; Mrs. Loretta Chiles, secretary; Mrs. Darlene Hartzel, social chairman; and Mrs. Marlene Pfeiffer, Mrs. Barbara Harris and Mrs. Rhoda Puck, group leaders.

Others present were Mesdames Jean Jones, Diane Delafoye, Sue Leslie, Barbara Elmore and Nora Young and visitors, Rev. and Mrs. Eugene Dutton and granddaughter, Sandra, Maxine Stubblefield and Rome Sturdivant.

Junior G.A.'s of Second Baptist Church met Monday at the church. New officers were

elected and the prayer calendar was read. Refractions were served by the leader, Mrs. Wanda Moore, to Nancy Sanders, Gail Lewis, Debbie Davis, Ann Snyder, Theresa Gilman, Gwen Olive, and three new members, Becky Clemons, Debbie Carmichael and Kathy Hartzel, and a visitor, Gail Wilmouth.

UNDERGOES SURGERY

Wesley Grotz, 2701 Denver street, entered St. Elizabeth Hospital Sunday afternoon and underwent surgery Monday morning.

ENTERS HOSPITAL

Alex Clineard, 2101 Dewey avenue, entered St. Elizabeth Hospital Tuesday after becoming ill at home and will undergo a series of tests.

PTA TO MEET MONDAY

The Washington school PTA will hold its first meeting of the year Monday evening in the school gymnasium.

There will be a discussion of projects for the coming year and the budget. Speaker will be Owen Humphrey, curriculum coordinator, who will speak on "Continuous Progress Schools."

Mrs. Virginia Marmion, PTA president, has announced there will be five meetings this year.

MRS. STEPHENS HOSTESS

The Ruth Ford circle of Second Baptist Church met Tuesday evening for a monthly session in the home of Mrs. Lena Stephens, 2115 Illinois avenue. Mrs. Margaret Dutton opened the meeting with prayer.

The program led by Mrs. Naomi Burnett was entitled "Different Ways of Worship in the Churches in Hong Kong and Germany." She was assisted by Mesdames Dorothy Barnes, Dena Watson and Evelyn Smith.

Depot Commander is Host To U.S. Aid Unit

Col. Charles E. Hoskin III, commander of the Granite City Army Depot, hosted a group of young people who are participating in the federal program Title, a demonstration organization to provide pre-vocational guidance to disadvantaged youths between 16 and 21 years of age.

The group visited the depot this week.

Driver Fined \$75

Charles S. Littlejohn, 3601 Kirkpatrick homes, was fined \$50 plus \$5 costs for illegal transportation of alcohol and \$15 plus \$5 costs for failure to display state license plates on his auto. He appeared Wednesday in magistrate's court. He was arrested at 12:25 a.m. the same day at 2800 State street.

Others present were Mesdames Nellie Lupardus, Adams, Elsie Sturdivant, Florence Paul, Rachel Westphal, Eloise Yates, Rosie Sadler, Alene Reagan, Edith Wilson, Phillips, Golda Smith and a visitor, Georgia Mitchell.

Refreshments were served by the host. The next meeting will be with Mrs. Nellie Lupardus, Rural Route One.

YOUTH COMMISSION SCHEDULES MEETING

The Illinois Youth Commission, Division of Community Service, will hold a meeting Tuesday, Oct. 10, at 7:30 p.m. in the Washington school gymnasium.

Break-Ins Occur At 2 GC Schools; \$52 Robbery

Numerous break-ins were reported on the walls of halls and rooms during a break-in at Washington school, West 26th street and Nevada avenue, it was reported Wednesday. Nothing was reported missing.

Intruders took \$49 from an office file cabinet in a burglary of Central junior high school, it was reported Monday. Entry was gained by removing a screen from the east side of the building to the kitchen. A key was taken from a desk drawer to open the cabinet.

Robbed of \$52

Two men whom he met in St. Louis brought him across McKinley bridge where they robbed him of his billfold containing \$52 and private papers and dumped him out of their car, Harold Singer, Miami, Ohio, reported to Venice police at 5:50 a.m. Tuesday.

Singer said he arrived in St. Louis Monday night and met the men a short time later. Venice police accompanied Singer to the point where he was put out of the car and said the location was on Fourth street at Wiggins Hillside.

Backs into Parker Car

While backing from a driveway across from 3437 Lydia lane, an auto driven by Lydia Lusk, 2423 Woodlawn avenue, struck the left front fender of the parked car of William Gehlert, Blue Hill, Ala., at 7:50 p.m. Wednesday. She told police she did not realize that she had hit the parked car.

Collide in Madison

Cars driven by Gregory P. Shisko, 608 Kirkpatrick homes, and Ronald L. Bridck, 728 Lee avenue, Madison, were damaged at 6:40 p.m. Wednesday in an accident in the 900 block of Madison avenue. Both cars were headed south on Madison avenue.

Golf clubs were moved but not taken. Deputies on patrol reported that the building was intact at 1:30 p.m. Monday.

Beauty Shop Burglary

A change totaling \$15 was stolen from a small cedar box in a burglary at Maria's Beauty shop, 3000 Terrace lane, it was reported Monday. Entry was gained by breaking the glass in a back door.

A tool shed owned by the Henry Ross Construction Co., located at 320 Kilarney drive, was broken open during the weekend and a yellow jack hammer, a skill saw value at \$139 and an electric planer valued at \$109 were stolen, it was reported Monday.

Leon Kimer, 2837 Myrtle avenue, reported Monday afternoon that a large tackle box and assorted fishing equipment valued at \$75 was stolen from his auto after Sept. 27.

Buy, 14, arrested. A Granite City boy, 14, was arrested following a burglary at the home of Leonie Allen, 2401 Sunbury avenue, reported at 7:25 a.m. Tuesday. A camera was stolen. Entry was gained by removing a front window screen and opening an unlocked window. The boy was referred to juvenile authorities.

Arraignment Today For 2 Venice Men

Tommy Lee Williams, 21, and Johnny Williams, 22, brothers of 183 Lee Wright homes, Venice, were to be arraigned in magistrate court by Venice police today on charges filed more than two months ago. The two youths were arrested at the Madison Recreation Center at 1:15 p.m. last night by Madison police and turned over to Venice authorities.

Venice police said Johnny Williams was sought on a warrant held by Granite City police charging him with disorderly conduct. Police also have been notified by Agency officials that Johnny Williams is AWOL, officers said.

Tommy Lee Williams, has been sought on charges of carrying a concealed weapon, filed by Venice police, and charges of speeding, escaping custody of a police officer, driving without a driver's license, and leaving the scene of property damage, filed last July 25 by Illinois state trooper Leonard Miller.

Two Youngsters Hurt in Traffic Accidents Here

Two youngsters were among the four persons injured in four of 14 traffic accidents occurring in the Quad-Cities this week. Jeffrey Claypool, seven, son of Mr. and Mrs. James Rieister, 1724 Chestnut street, was injured when he was struck by an auto driven by Wilbur S. Taylor, Quincy, at 5:30 p.m. Monday at 921 Niedringhaus avenue.

The boy dragged from behind a parked car, fell in the street in front of Taylor's was hooked by the bumper and dragged about 20 feet.

He was taken by ambulance to St. Elizabeth Hospital where he was admitted with abrasions to his forehead, back, left arm, shoulder and thigh.

Girl Hit by Truck

Ellie Greenhouse, 13, of 1922 Benton street, complained of injuries after she was struck by a pickup truck driven by Roy Grace, 2022 Omaha street, at 11:20 a.m. Tuesday at the 21st street alley between Delmar and Cleveland blvd.

The girl was trotting back to Central Junior high school from a physical education class and tried to stop at the alley, but other girls more or less pushed her into the alley, she told police.

Mrs. Helen Meredith, 33, of 2229 Cardinal avenue, was injured when an auto driven by her husband, Albert O. Meredith, struck the right rear fender of a car driven by Joseph Hagopian, 3313 Johnson road, Monday at Niedringhaus avenue and State street. Meredith was charged with following too closely.

Velma L. Risinger, 25, of 117 Abbott street, suffered minor injuries when she lost control of her auto, crossed over into the opposite lanes and struck the front of parked cars of Edward G. Meng, 2824 Madison avenue, and Norma Darnell, 2812 Madison avenue, at 4 a.m. Tuesday. She was charged with careless driving.

Auto Mishap at Curb

While backing from a parking space at the curb, an auto driven by Dorothy M. Richardson, 2838 Edgewood, damaged the left front of a parked pickup truck owned by the W. H. Wolfe Co., 2201 Oak street, at 12:40 p.m. Wednesday at 1410 Twentieth street.

Wrong-Way Ticket

Little B. Barber, St. Louis, was charged with driving the wrong way on State street, a one-way street, at 21st street Tuesday.

MORE ABOUT Madison Site

escrow with the First National Bank of Madison.

Caine Steel, which is headquartered in Chicago, has facilities throughout the U. S., including the Granite City Metal Decorating Co. in the old Necco building, a steel lithographing operation, and a steel service center in St. Louis.

Both divisions will move into the new Madison plant. The service center purchases steel materials and shears it in slabs according to customer specifications.

Install Equipment

The company will install equipment valued at \$14 million, according to Mayor Maers, and will include two overhead traveling cranes.

The announcement came after two years of work in encouraging various industries to utilize the industrial park.

Mayor Maers said, "I hope this is the beginning of a fine benefit to Caine Steel, our city, our citizens and the community as a whole."

He added that one more industry currently is considering a development here and, if the decision is favorable, the city probably will commit the rest of its surplus bridge funds.

Part of the \$52 million Chain of Rocks Bridge surplus, now invested at interest by the city, will be used to develop and purchase the Caine property.

Other Business

In other business, the council:

Approved a permit for a McCann's drive-in entrance for a new Dairy Queen shop at Skeen street.

Received communications from the Federal Housing and Urban Development Department and Congressman Melvin Price stating that the Madison County Housing Authority could not increase its contributions to municipalities in lieu of taxes without increasing rents, as it is operating at a deficit.

Heard a report that a court hearing for Harold Ballentine, charged with failing to complete construction of an apartment project, has been continued again because of a heavy court calendar. Mayor Maers said Ballentine now is seeking a jury trial.

Rear of Auto Struck

While stopped to make a left turn into the Nameoki Village shopping center, the rear of the auto of Steven A. Thyer, Bunker Hill, was struck by a car driven by Samuel D. Calvin, 2048 Twentieth street, at 4 p.m. Tuesday. Calvin was charged with careless driving.

WEBSTER PTA TO MEET

The executive board of the Webster school PTA met Monday evening at the Webster school with Edna Gird presiding. Plans were made for a PTA spook carnival and fish fry Oct. 27.

The PTA meeting next Monday evening will include a flag ceremony by Cadette Girl Scout Troop 1174 and a panel discussion on PTA goals. Refreshments will be served by kindergarten room mothers.

It was announced that there will be a room mothers' meeting next Tuesday at 2 p.m. at the school.

Attending were Mrs. Gird, Mrs. Betty Woodruff, Mrs. Jackie Watkins, Mrs. Helen Frazier, Mrs. Shirley Tolson, Eugene Miller and Mr. and Mrs. Clyde Lee.

ORCHARD, MUSEUM TOURS BY GIRL SCOUTS

Junior Girl Scout Troop 704 met Monday afternoon at Webster school with the leaders, Mrs. Yonke and Mrs. Mary Frazier. The meeting opened with a flag ceremony by the Bluebird patrol and the Girl Scout promise and laws.

Thank you notes were written to Eckert's Orchard and a doll Jackson visited by the troop. Brenda Boling was welcomed as a new member and the girls sang the birthday song to King of Hatan. The meeting closed with a friendship circle and "Taps".

Attending were Gena Blason, Debbie Bird, Brenda Boling, Sharon and Pam Emring, Carol Griffin, Patty Harrington, Karol Lee, Vicki Velt, Theresa Rushing and Patty York.

Nat'l. Safety Award For Illinois Power

The accumulation of 1,380,000 accident-free man-hours from March 2 through May 18 has brought a high award to the 3100 employees of Illinois Power Co., Carl Mathias, area manager announced today.

The National Safety Council's Award of Merit has been presented to Illinois Power for a million man-hours or more without an employee suffering an injury which prevented work one or more days following the injury.

The award was accompanied by a letter of commendation from Howard Pyle, National Safety Council president, to IP employees.

Plant Walkout Ends

A walkout at the Jennings-Wright Corp., 22nd street and the railroad tracks, has ended following settlement of an alleged contract violation, it was reported. It started last week and included 40 to 45 members of Carpenters & Joiners Local 2963. No picketing was noticed.

MORE ABOUT GC Council

galley of procedure and the council had called for several legal opinions. City Attorney Richard Allen said Monday night that in his opinion the council should conduct a public hearing in accordance with Boy's Sept. 18 resolution and then place proposed changes on first reading. As an alternative, he said, the council should rescind the resolution calling for the public hearing, which would require a two-thirds majority vote.

Calls Upon Mayor

As Alderman Nonn, who made the motion to adopt the ordinance change, persisted in hearing from the mayor as to whether or not he would accept the motion (to adopt the change), Mayor Partney said he would do so, even though he believed the motion to be illegal.

"We have called for a number of legal opinions, but may have had hours of speaking on this subject, and any continuation of speeches is just going

to do something about it... sometimes these things can be determined only in the courts," the mayor said.

The air pollution issue which had been carried over from Friday night when the revision motion was made by Alderman Johnson, but delayed by deferring Monday night.

Communications presented at the opening of the session by the city clerk included a letter from Mrs. Jean Francis, chairman of the Citizens Committee for Clean Air which has been supporting the ordinance including sulfide pollutant abatement. The two-page letter contained an outline of sulfide emissions detrimental to health and called for full enforcement of definite standards for sulphide pollutants.

Debate Role of Alder

After the letter was read, Alderman Fry proposed that Mrs. Francis, who was in the audience be heard. Alderman Whitmer took issue with the suggestion, pointing out, "We have had hours of speaking on this subject, and any continuation of speeches is just going

to take up time."

Alderman Nonn suggested that any discussion of the subject be postponed until "an ordinance which I have here is introduced later in the meeting... then everyone can have a chance to talk about it."

Fry, however, made the motion that Mrs. Francis be heard. Mayor Partney called for a roll call vote. Fry was the only alderman voting yes.

In presenting the motion, to change the ordinance, Nonn moved, "the ordinance be adopted as presented by Johnson."

It was placed on first reading at last Friday's session.

The motion cleared the way for lengthy discussion, including talks from the audience by Mrs. Francis, and Mrs. Carole Lanter on behalf of the clean air committee, and Randall Robertson, attorney representing industrial interests.

Bartoliak called for a public hearing "so we can have the state people in and the others who are interested to explain what the city clerk and council have said in their minds as to enforce pollution rules."

More Strict Than State

Nonn declared that the part

of the ordinance involving the sulphide standards was approved by the council July 3 because council members were told that amendment would make the Granite City Air Pollution ordinance commensurate to state standards. "They gave me an ordinance and said it was the same as the state regulations," Nonn said. "Parnley (Alderman Gerald Parnley) questioned it at the time, and they said 'no, it is the same as the state.' Then we find out that it is a lot more strict than the state law."

Nonn added, "We can't start at the top and go down. We've got to start at the bottom and work up."

"Parnley said he believed a public hearing is unnecessary. 'Most of the aldermen here have said their minds are made up,'" Parnley commented, "so I don't think one pressure group could change anything, or even two pressure groups. I believe there is only one path to follow... adopt state regulations, follow them."

He charged that "industry for a long time has played one area of government against another in control of air pollution laws" and said that industry has "wined and dined" state officials. She then referred to a meeting of "several aldermen" with industrial representatives "in the Missouri Athletic Club."

Nonn jumped to his feet with a demand that she name the aldermen. "That casts a reflection on all of us, and I want to know who they were," Nonn shouted.

Building Damaged

A board was torn from the front of the Tri-City Burial Vault Co. building, 2101 East 23rd street, it was reported at 3:40 p.m. Tuesday. Nothing was reported missing.

then, will we get a certificate of exemption."

Can Upgrade Law Later

Parnley said that once the city gets its exemption certificate allowing complete local control over enforcement of air pollution regulations, "we can upgrade our laws for sulphur emissions and other pollutants."

Mrs. Francis, speaking from the audience, related the background of the conflict over the stringency of the Granite City clean air law, referred to a visit to Granite City by state representatives, including C. W. Klassen, secretary of the state air board, and pointed out that after the visit of state officials industry began a move to retain less restrictions.

She charged that "industry for a long time has played one area of government against another in control of air pollution laws" and said that industry has "wined and dined" state officials. She then referred to a meeting of "several aldermen" with industrial representatives "in the Missouri Athletic Club."

Nonn jumped to his feet with a demand that she name the aldermen. "That casts a reflection on all of us, and I want to know who they were," Nonn shouted.

Alderman Barschik joined in the demand.

Out of Order

Mayor Partney rapped his gavel and declared Nonn and Barschik out of order.

Mrs. Francis added that the "Citizens for Clean Air do not intend to give up... we have just begun to fight."

Mrs. Lanter spoke only briefly, and asked the council: "French (Robert French of the state air control board) has said that it is impossible to enforce sulphur control regulations, then why is it that St. Louis is doing it?"

Representing industries in the discussions, Attorney Robertson said he wished to "discuss" rather than emotions or pressure. Referring to Mrs. Lanter's remarks about St. Louis enforcement, Robertson said, "I prefer to take leadership from the state of Illinois rather than from Missouri."

He said he believed "we are having a public hearing tonight" by permitting all sides to speak on the air control laws.

All is on File

He said that requests for letters of intent sent out by the Granite City Air Pollution Control Board, to which Mrs. Francis charged there had been slight response by industry, were identical to those sent out by the state. "The information is all on file," Robertson said. "We have withheld nothing. The only difference is that the local board wants it on their forms."

He noted that Raymond Tucker, former St. Louis mayor, and a recognized authority on smoke abatement, has termed the Illinois abatement regulations "as a good first step in a starting point."

Robertson said, "Industry wants clean air" but not under regulations that are impossible to meet.

As council members called for a vote on the revision, the mayor said, "I thought things would go a little different than they have. Differing the past week I talked with industry, the air pollution and to all interested parties. My thought was to get everyone together and determine if a public hearing was the answer to the problem, and if it was, then it should be held."

HOME FROM ARMY BASE

David William Sander, son of Mr. and Mrs. Elroy Sander of the Meadow Lane drive, Rural Route Two, is home on a 17-day leave after completing Army basic training and a five-week light vehicle driver course at Fort Leonard Wood, Mo.

After his leave he will go to Fort Stewart, Ga., for further assignment. He graduated from Granite City high school this year.

"The Opposite End," a group of three young local musicians, consisting of Rickey Crispen, bass guitar and singer, Danny Cripps, lead guitar, and Pat Morgan, drums, entertained Sunday evening at a dance given by Sheryl Blockberger and Pam Sikorski at the Sikorski home on Lenox avenue. Twenty teenagers were present to welcome the new band.

Mr. and Mrs. Kenneth Hicks and daughter, Jane Marie, returned to Louisville, Ky., Monday after spending the weekend visiting with her Freda Hicks and other relatives.

Campus Cops Shoot At Prof over Parking

Seven shots were fired into the compact foreign auto of psychology Prof. Alfred Kuenzli in a chase from the Southern Illinois University-Southwestern campus into St. Louis over an alleged parking violation Tuesday afternoon.

The professor had parked in a temporary lot reserved for construction workers. As he had spent the past year on leave of absence to teach in Puerto Rico, his auto did not contain state license plates and he had not received a faculty parking sticker when he began the fall quarter. It carried an "in transit" permit from New York.

The chase started after he left the classroom and refused to stop on orders of campus police. He was charged with battery in a complaint signed by Don Wright and Jerry McGee, campus policemen, who said his auto ran over Wright's foot and hit McGee who jumped onto the hood of the auto. Prof. Kuenzli denied this, but was released on \$1000 bond after appearing before Magistrate Joseph Kelleher in Edwardsville.

MORE ABOUT

Venice Board

marily on the needs of the community as a whole and not the needs of just a few.

"Everyone knows the need for a vocational-type school in our area and we have been advised by state school authorities that they desire to create such a center here. These officials have inspected our facilities, including Lincoln grade school, and are perfectly satisfied that this building can become one of the largest vocational schools in the state. This is partly what I base my suggestion on."

Leatherman continued, "The basic plan is to house the entire student body at the Venice plant (school), following construction of additional classroom space."

"Moving the total student population into the one building will, in itself, constitute a saving to Venice taxpayers of approximately \$80,000 annually in janitors' salaries, utilities and other miscellaneous bills incurred in operating the Lincoln school."

"However," the board president stressed, "no jobs will be jeopardized by the changeover, as custodians and other personnel will be required to run the vocational school, the only difference being that the state will pay all the bills. Teachers will be transferred to the Venice school," he said.

"Additional classroom space at the Venice school will be financed through elimination of existing expense of operating the Lincoln building. This would be a one-time expense only and the savings in ensuing years, would be passed on to the taxpayers."

Leatherman concluded, "I

Granite City PRESS-RECORD

Page 22 Thurs., Oct. 5, 1967

belleve with this plan we can complete our school integration program successfully, create a greatly-needed vocational training center and also offer local taxpayers a substantial savings. I strongly urge your full consideration."

May Add 3 or 4 Rooms
Leatherman told the Press-Record the total number of additional classrooms will be determined after a thorough study. However, he indicated that three or four rooms might be added to the Venice school, costing approximately \$9000 per room. The present school has been designed for expansion.

He pointed out that an estimated 65 pupils residing in the Kerr Island area are expected to move from the district, possibly by March 1, due to acquisition of right-of-way for Federal Aid Route 151.

Grade school students in Kerr Island presently attend Lincoln school, which has a current school enrollment of 223 kindergarten through eighth grade students.

Questioned on the absence of Justice Department representatives, whose attendance Monday previously was expected, Leatherman said they declined to attend after learning the session would be open to public debate.

He commented, "They preferred that local residents hear the board's proposal first and decide what action to take before any official intervention."

Concern Over Shifts, Jobs
Principal criticism of the consolidation plan appeared to center around four main points — transporting young children past an established school near their own homes; the possibility of creating overcrowded classroom conditions and per-

haps a split-shift schedule; potential loss of jobs by Lincoln school faculty members and other employees; and a lack of precise guidelines from state sources, specifically involving the qualifications necessary to enroll in the proposed vocational-technical school.

Other questions directed to the board president indicated some opposition to total integration of the school system.

Alternative steps have been discussed previously by the board. The issue came to a head last month when the U.S. attorney general's office in Washington, D. C., requested development of a re-districting plan by Oct. 20; an effective date was not specified.

Federal attorneys also had conferred with Venice Supt. of Schools John O. Pier and two board members in late summer, proposing reassignment of pupils effective at the start of the 1967-68 school term, but the board felt there was insufficient time to comply.

Initial Plan Dropped
A tentative plan involved assignment of all kindergarten through fourth grade pupils to the Venice grade school and a fifth through eighth graders to the Lincoln buildings.

When this plan was not placed in effect, after being outlined to teachers, there were allegations that the board had yielded to pressure from some residents who had heard of it and expressed objections.

Several petitions were said to be in circulation, opposing the proposed division of grades between the two schools.

Rev. Charles T. Boatner, pastor of the Quinn Mission, asked the amount of extra travel time and buses required to transport all elementary students to the Venice

Checkerboard Squares

To Perform at Grant's
The Checkerboard Squares will perform at 2 and 7 p.m. Saturday in the appliance department of Grant's store in the Namecki Village shopping center to help promote a contest for the store.

It is a "Free Trip to Hawaii" contest for shoppers who may register in the appliance department until Nov. 9.

He said buses picking up children in Eagle Park first deposit high school students before proceeding to Lincoln school with grade school pupils. The difference in cost and time to transport the youngsters will be negligible, and in fact will probably cost less than now, Leatherman added.

Joe Roberts, 217 Hill Street, asked how students will be assigned within the Venice school. The board president stressed that the present policy will continue, with pupils divided only according to academic ability and a maximum of 30 pupils per room.

Edward L. Salmond, newly-elected president of the Eagle Park Improvement Association, sought clarification concerning the expected enrollment at the vocational school. He said that if there is only a small enrollment, the net result might be a greater rather than a lesser burden to taxpayers, in view of the cost of building new classrooms.

Supt. Pier reported that 105 students, including 90 whose tuition is reimbursed through public aid, will begin general education development courses Oct. 16 in the Venice school system, showing there is no need in extended education. Additionally, he said, 101 prospective students from St. Clair county have registered to begin courses in basic education and vocational training, scheduled to start later this year.

Serve Parts of 2 Counties
Primarily, the vocational center would draw enrollees from Granite City, Madison, Mitchell, Brooklyn and parts of East St. Louis as well as Venice, Leatherman said.

The entire program would be financed with General Education Development funds provided by the State Office of Public Instruction and the Illinois Public Aid Department. Courses of instruction would include machine shop, automotive repair, commercial sewing, welding, drafting, book-binding, reading, typing, book-keeping and similar subjects.

State funds would finance the purchase, installation and upkeep of all equipment used in the vocational program, the board president said. No limit on expenditures in setting up the program, the number of students who could be admitted or the subjects that could be taught were placed on the school district in preparing the request for funds, it was announced earlier.

Some friction arose during a discussion about required entrance qualifications to the vocational school, a point initially raised by Rev. Leroy Henry, pastor of a Lovejoy area Methodist Church.

The minister asked what good it would do a 32-year-old man, possessing only a sixth or seventh grade education, to attend the school, successfully complete a welding course and then find himself still unemployed by industrial firms which, in many cases, demand a high school diploma.

It was noted that a guarantee of jobs to those finishing vocational courses would be impossible. However, vocational students could attend GED classes along with the other instruction, thereby qualifying themselves for high school equivalency certificates.

Warns Against Overcrowding
One exchange between Leatherman and Roberts resulted in the latter threatening demonstrations in January, if classrooms at the Venice school are crowded. "We will have to demonstrate to show you that you are wrong. By that time you may really have a problem, a big problem," Roberts said.

Assistant Supt. Robert N. Vickers said, "I think maybe we are losing sight of what we are here for by letting personalities get involved. I, myself, have mixed feelings about this issue, as I was at Lincoln school several years."

"Everyone wants integration — the board and you. Does it matter where it is done, as long as it is done and doesn't have an adverse effect on the children? Remember, kids make the school, not the building."

"Vocational training could greatly benefit our students. Those dropping out of school would be trained in a trade. Even high school graduates, if they wished, could continue after receiving their diplomas to gain experience in one field or another," the assistant superintendent said.

Little discussion followed Vickers' remarks and the board unanimously approved the consolidation plan, to go into effect Jan. 19.

Miss Hotz Renamed To Vote Commission

Miss Eulalia Hotz, county clerk, was notified this week by Gov. Kerner of her appointment to a fourth consecutive two-year term as a member of the state election laws commission.

Her new term is for two years and will expire July 1, 1969.

The 15-member commission, which makes recommendations to the state legislature on need for change in election laws, is composed of five state senators, five state representatives and five public members.

Two Traffic Charges

Michael C. Levart, 5121 Old Alton road, was arrested at 2:19 a.m. Wednesday on a charge of making excessive noise with a motor vehicle at 18th and State streets and with speeding at 1400 State.

Grand Jury Witnesses

Among witnesses appearing before the grand jury were Charles Adams, tavern proprietor, Tommy Hamlett, barmaid; Bobby Baker, a Granite City man who had been with Wallace earlier Sunday night, and Deputy Sheriff Dennis Nichols.

A preliminary hearing for Wallace was cancelled after the quick consideration of the case by the grand jury. During the arraignment, Wallace said he was endeavoring to get John Gitchoff, Granite City attorney, to represent him. During the arraignment, Wallace said he was endeavoring to raise the retainer. Robert Trone, public defender, was appointed by the court for the arraignment.

After denying bond for Wallace, Judge Monroe said he was setting the trial for Oct. 16.

Meanwhile, Wallace is scheduled to appear before Magistrate William Johnson at 4 p.m. tomorrow to face two misdemeanor charges. He had issued bench warrants for his arrest prior to the shooting.

Judge Johnson said Wallace had failed to appear for sentencing after being convicted of illegal possession of a hypodermic needle and syringe and for resisting arrest. The arrests were made in Granite City more than a year ago.

County authorities were advised this week by the U.S. District Court in Nashville, Tenn., that Wallace's brother, Guy, had been sentenced to serve two three-year prison terms, concurrently, on charges of cashing stolen postal money orders and a fugitive from justice count. The trial was held last Friday.

Woman Driver Charged

Ruby Westbrook, 2432 Logan street, was charged with failure to yield the right-of-way after her auto collided with another driven by Luther Biggs, 2012 Denver street, at 11:15 a.m. Wednesday at West 21st street, and Illinois avenue. She said a sign on the corner blocked her vision.

MISS DIANE LYNN HAMILOS. Her parents, Mr. and Mrs. Nick Hamilos, Route 4, Edwardsville, formerly of this area, are announcing her engagement to Michael J. Semanisin, a son of Mr. and Mrs. Michael Semanisin of Maryville.

Miss Hamilos Is Engaged

Mr. and Mrs. Nick Hamilos, Route 4, Edwardsville, former Quad-Cityans, are announcing the betrothal of their daughter, Miss Diane Lynn Hamilos, to Michael J. Semanisin, son of Mr. and Mrs. Michael Semanisin of Maryville.

Miss Hamilos, a 1967 graduate of Edwardsville high school, is employed in the office of Hamilos Bros. Meat Co., Madison. Her fiancé was graduated from Collinsville high school and is employed in the office of the Richards Brick Co., St. Louis. Wedding plans are indefinite.

Kronsbein-Nesbitt Nuptials Here

Announcement has just been made of the recent marriage of Harold W. Kronsbein, 1511 Second street, Madison, and Miss Yvonne Nesbitt of Arnold, Mo.

The ceremony took place at noon Sept. 30 at St. John United Church of Christ with a few relatives and close friends present. Rev. Paul Surbey officiated and attendants were Miss Kathy Cline and Lester Fehling, a cousin of the bridegroom.

A reception was held at Cheshire Inn, St. Louis, after the church service. The couple will reside in Florida.

Guilds Hold Joint Meeting

The Evening Guild of St. Peter United Church of Christ was entertained by the Evening Guild of St. John Church Monday evening.

Other guests attending were Dr. and Mrs. Robert Baumann, Mrs. Joe Chinn and Miss Minnie Krauskopf of St. Peter's and Mrs. Charles Stevens of Alton.

The Fellowship committee was in charge and the Senior High Youth group led the members and guests in song.

Charles Stevens, son of Rev. and Mrs. Stevens of Alton, gave an account of an educational tour of Europe and showed slides of places visited.

Separate business sessions were held by the Guilds, and refreshments were served by the social committee. The next meeting of the Guild will be held Nov. 6. Mrs. Joan Snyder is president of the hostess guild.

Visit Here After Tour of Europe

Dr. and Mrs. Robert Goedecke, formerly of this area, have returned to their home in Tallahassee, Fla., after visiting Mrs. Goedecke's parents, Mr. and Mrs. Steven Zlatz, 2556 Benton street. She is the former Gloria Zlatz.

The visitors had spent three weeks in Europe, two of which were behind the Iron Curtain in Berlin. Dr. Goedecke, a former member of the faculty of Southern Illinois University - Southern campus, lectured at the University of Berlin and the University of Leipzig. They also were guests of a baron in a castle.

After leaving Germany, the couple spent one week in Paris and London before returning to Granite City where their daughter, Tracy, spent the three weeks during their absence with her grandparents and with her great-grandmother, Mrs. Ivy Justice, 1329 Rhodes street.

GC Township's Fund Balance \$190,000 Oct. 1

A balance of \$190,148 was on hand Oct. 1 in the three Granite City township funds, with \$178,741 of it in the general assistance account, Nelson Hagauer, township supervisor, reported to the Granite City council sitting as the town board Monday night.

Hagauer's report listed an Oct. 1 balance of \$9692 in the town fund and \$1425 in the Illinois Municipal Retirement Fund.

The report also listed township expenses during September, including \$2469 payable out of the town fund and \$3491 payable out of the general assistance fund.

Town fund disbursements included payment of per diem fees of \$20 each to the 16 aldermen and Mayor Patrick for their services as town board members during September, for a total of \$340. Salary payments also included \$187 for Hagauer, plus \$50 for expenses, and \$20 salary for Assessor James Barron, plus \$200 expenses.

Salary payments to four clerks and a janitress totaled \$765. Other payments included \$135 rent, \$40 for services and \$23 for supplies.

Out of the general assistance fund the township made September payments of \$520 for salaries to a caseworker, bookkeeper, two typists and a janitress. Rent payment for assistance clients amounted to \$238 and cost of prescription medicines amounted to \$63.

Hospitalization costs totaled \$725 during September while food orders cost a total of \$1286.

69 Banks, Two in Granite City, to Sell '68 Plates

Sixty-nine banks scattered through Illinois—including the First Granite City National Bank and the Granite City Trust and Savings Bank—will sell 1968 passenger car licenses over the counter beginning Dec. 1, according to Secretary of State Paul Powell.

The number of banks participating in the program is an increase of 200% over the 23 banks that offered the service for sale of 1967 plates. Over-the-counter sale of license plates by banks was started two years ago when one Chicago bank initiated the service.

Powell pointed out that only passenger car plates will be sold, and only for renewal registrations. Applications for

\$100 Reward Offered By Burglary Victim

A local man whose home has been broken into twice within the past six months, today offered a \$100 reward for information provided. Granite City police are seeking the arrest and conviction of those responsible.

Raymond E. Gouch, 2161 Lee avenue, said that \$75 in coins was stolen from his home between 1:30 and 3:30 p.m. Saturday while he was assisting a friend repair an automobile just a few blocks away.

Envy was gained by ramming a locked basement door with a "log" or similar object, breaking it open, Gouch said. The coins were kept in a box in his bedroom, with the thieves taking them from the original box and placing the coins into a cigar box to remove them more easily from the premises.

In March, he added, a number of microcassette tapes and a battery charger transformer were stolen from his home. Anyone having information regarding either burglary is asked to notify local police, Gouch said.

Minerals Produced In State Set Record

A record high value of \$644 million was set by the mineral products in Illinois during 1966, according to information released by Dr. John C. Frye, chief of the Illinois State Geological Survey.

The previous all-time high value of \$631 million for minerals produced in the state occurred in 1962. In 1965 the total value of mineral production was \$618.5 million.

Illinois minerals include coal, oil, stone, sand and gravel, fuorapatite, lead, zinc and other items such as clay products, cement and lime. The annual value of these minerals has been over \$600 million for each year since 1956.

Increases in 1966 production over 1965 production totals were noted in coal, stone, sand and gravel, and clay products.

The survey is a division of the Illinois Department of Registration and Education.

truck plates, transfers, certificates of title or original registrations cannot be accepted and must clear through the secretary of state's office.

Services offered by the banks will be the same as those provided at the over-the-counter outlets of the secretary of state's offices in Chicago and Springfield. Applicants will be given assistance in filling out applications, their applications will be validated and the plates issued. Applicants must present their 1967 identification cards or in cases where the cards have been lost, their certificates of title.

At their discretion, the banks may choose to charge an additional fee for the service to offset cost of a \$800 validating machine each had to purchase, Powell said.

Each of the banks has sent staff members to Springfield for training in filling out applications, determination of proper fees and other phases of passenger car licensing.

WIU Coeds Returning to Intercollegiate Sports

A ground swell is being felt in the sports world to get women back on the competitive playing field.

Bloomers won't be put back on the girls—as in bygone years the girls wore bloomers when they played basketball. Modern costumes are more feminine and scanty.

Dr. Marion Blackinton, associate professor of physical education at Western Illinois University, who lives at Colchester, Ill., and came here from Utah where she had been teaching at Utah State University, said:

"There is a swing back to inter-school competition for women which faded out during the '30s, '40s and '50s. But more and more colleges across the country are building teams. And time is provided for faculty to coach the teams—rather than just do it on the side. In some areas schools shy away from calling it intercollegiate. But they will get to it."

"There is a national committee on intercollegiate competition for women."

Dr. Blackinton said it doesn't hurt for girls to engage in sports. The swing away from sports was not physiologically motivated, she asserted.

It had to do with the "image of women." She feels that the authorities felt that sports was not the "role" for women.

Virginia Hayter, who was born in Warsaw, Mo., and who studied at Central Missouri State and Indiana University, agreed.

She should since she is in charge of what she calls extramural sports at WIU. She says that WIU hockey girls are going to a clinic Sept. 30 at Eastern Illinois University. There will be a demonstration

ISU Prof Reports

College Students, '67, Most Maligned of Any

College students in 1967 are the most maligned generation of college students in the history of higher education, according to the dean of students at Illinois State University.

"If we are to believe the popular press," declared Dr. Richard E. Hulet, "we see today's teens, sweat shirt and sneakers; adorned by long stringy hair, if female, and long marcelled hair, if male; walking a picket line in front of the old people's home; smoking marijuana; returning to their apartment where they are sleeping with someone not their spouse, and drinking to excess, taking LSD or some other hallucinogen."

What are the facts? Dean Hulet says the truth is that college students, 1967, are different. They are not the same as the youth with the double standard

and of the Victorian era, the "flaming youth" of the jazz age, the depression youth of the '30s, the returning servicemen of the '40s or the apathetic generation of the '50s.

"We Are Different"

"The '60s are different," Dean Hulet explained. "Their concepts of morality are different. The rebels of the '20s had Victorian parents laying down the law. These students were born in 1949, 1950 and '51. They have never known a moment without TV. They were born after 'The Bomb' was a reality. They were born after 'The Pill' was invented. They were profoundly affected by the idealism of John F. Kennedy. They have been careful educated to the cult of materialism."

And the fact of the matter is, the Illinois State Dean declared, they are "long on book learning, but brilliant in surviving the jungles of Peru in the Peace Corps; they have been inculcated in the heinous art of bigotry, prejudice and hate by their parents and the adult generation, and yet march at the Selma, Alabama, of the world."

They are thought of as cheaters, shop lifters and moral perverts and yet an ISU study of the past 10 years shows that just over one per cent of the entire student body ever was subject to discipline."

Concerned, Testing

The college students of today, Dean Hulet stated, may be described two major ways: concerned and testing.

"They are concerned about their fellow man, concerned about their own achievement, concerned about their role in society. Yes, concerned about all the vocational, pedantic things such as jobs, marriages, houses and cars."

"And they are testing—testing everything. We have built this into them. They test their teachers, parents, old laws, shibboleths, mores and the limits of responsibility."

Dr. Hulet, who was at the University of Illinois before coming to Illinois State 11 years ago, said that a recent study of college students across the country showed that the six freedoms wanted most by students were: (1) Freedom to discuss issues and problems of their own choosing; (2) Freedom to hear speakers on topics of their own choosing; (3) Freedom to editorialize; (4) Freedom to become their own potential without regard to ethnic background, race or religion; (5) Freedom to participate in decision making; and (6) Freedom NOT to participate.

To meet the challenge to college and university administrations in the next few years, Dean Hulet said, "We must seek to involve students more in governance of the institutions; seek ways to turn their concern about their fellow man

12 Debaters Selected For 1967-68 at GC HS

Twelve students have been selected for the 1967-68 debating teams at Granite City high school with only one being experienced.

He is Charles Douglas, returning for his third year as a debater.

Others are Mike Franden, Leesa Freedman, Tom Hildebrand, Laura Jones, Wendy Decatur, Barbara Jackson, Dana Helms, Dave Steele, Rich Weller, Beth Wittevorrel and Pat Patrick.

The debate topic is "Congress should make more uniform laws concerning criminal investigation policy."

Into responsible, democratic action for the betterment of mankind; study ways of relieving the stress and pressure of society so that they can more effectively take advantage of their educational opportunities; seek ways of releasing them from stultifying influences of an archaic curriculum, and help them deal with a super-automated world."

Kerner to Speak at IASA Meeting Monday

Gov. Kerner will deliver the banquet address when the fall conference of the Illinois Association School Administrators is held Sunday to Tuesday at Southern Illinois University, Carbondale.

Kerner's speech will be given Monday evening in the University Center ballrooms. It will follow remarks by Wayne A. Steneberg, executive secretary of the Illinois Education Association, who will talk on the subject, "A Word from IEA."

The statewide event will begin Sunday evening with the President's reception in University Center, at which the IASA president, Virgil H. Judge will lead the reception line. There will be entertainment by units from Angel Flight, women's group associated with the SIU Air Force ROTC detachment.

Monday addresses will feature Eugene L. Swearingen of the University of Tulsa, who will talk on "Financing Education in Tomorrow's Society." William Curtis, president of the American Association of School Administrators, and James Redmond, superintendent of the Chicago public schools. During the afternoon there will be films on a team teaching experiment and innovative school buildings, after which there will be seminars, "The Public Relations of School Innovations" and "Special Education: Impact on Our Schools."

W. E. McAllister of Centralia, IASA president-elect, will preside over a Tuesday morning session titled "The Future of the IASA." Following this part of the program Judge will speak on "The President's Perspective."

The Illinois Conference of Professors of Educational Administration will meet in conjunction with the fall IASA conference.

Church Youth Group
Elects Officers

Newly-elected officers of the Young Life organization of First Assembly of God Church, 24th street and Grand avenue, are Alex Kovach, president; Sony Starz, vice-president; Carolyn Jenkins, secretary; and Karen Shelton, treasurer.

Last week high school representatives from the Sunday school were added to the executive council, and plans are in full swing for many activities. Those added to the Council are Jan Starling, Ron Simpson, Mike Rapoff, Vicki Mercer and Judy Kovach.

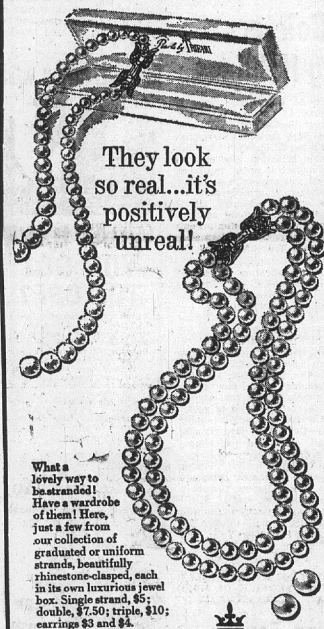

On Sunday, Young Life will hold a flag football game between the boys and girls at Clunk's farm near the new Chain of Rocks bridge, and Wednesday, Oct. 11, there will be a feature film, "To Forgive a Thief," shown at the regular meeting. On Oct. 14 there will be an old-fashioned box social in the church fellowship hall with the boys holding on in previous boxes. All events are open to anyone interested.

Coast Guard Academy
Tests to Start Dec. 2

The 92nd annual competition for admission to the U. S. Coast Guard Academy, New London, Conn., will begin with the Dec. 2 administration of the College Entrance Examination Board tests given in more than 3000 test centers throughout the country.

Appointments to the academy are made solely on a competitive basis with no congressional appointments or geographical quotas. Applications to participate in the December CEEB tests must be made to the Educational Testing Service before Oct. 28.

To qualify an applicant must be unmarried and must have reached his 17th but not his 22nd birthday by July 1, 1968. The minimum educational requirement is a high school diploma, but high school seniors assured of graduation by June 30 are eligible if they have at least 15 credits by that time.

Applicants must be in excellent physical condition, between 64 and 69 inches tall with proportionate weight, and have at least 20/30 vision in each eye, correctable to 20/20.

Merit Scholarship
Commendation Given

Letters of commendation honoring them for their high performance on the 1967 National Merit Scholarship Qualifying Test (NMQT) have been awarded to five students at Granite City high school. Principal Lawrence C. McCauley announced today.

Those named as commendation students are Gail L. Forshaw, Laurence Griffith, Herman M. Schermer, David E. Steele and David Townzen.

They are among 40,000 students in the U. S. who scored in the upper 2% of those who will graduate from high school in 1968. The commendation students rank just below the 14,000 semifinalists announced in September by the National Merit Scholarship Corporation (NMSC).

John M. Stalnaker, president of NMSC, said: "Although commendation students advance no further in the Merit Scholarship competition, their outstanding record in a nationwide program deserves public recognition. Their significant academic attainment gives promise of continued success in college."

"The commendation students should be encouraged to pursue their education since their intellectual talent represents an important and much needed natural resource. Our nation will benefit from their continuing educational development."

The commendation students' names are reported to other scholarship-granting agencies and to colleges they named as their first and second choices at the time they took the NMQT. The reports include home addresses, test scores, anticipated college majors and career intentions.

Available at SIU

The Vietnam war apparently has not curtailed funds made available to college students under the National Defense student loan program, according to Raymond P. DeJarnett, assistant director of Student Work and Financial Assistance at the Carbondale campus of Southern Illinois University.

"This year we have a little more money available to students than last year," said DeJarnett. "During the 1966-67 period, SIU was allocated slightly more than a half million dollars, but this year we have about \$750,000 available as defense loan funds."

Student Council Opens Activities at GCHS

The Student Council at Granite City high school currently is planning its activities for the school year.

Council officers are Bill Harris, president; Ed Bartosiek and Roger Belshe, vice-presidents; Mary Harris, secretary; Jane Kersch, treasurer; Bob Pates, sergeant-at-arms; and Barb Fichte, parliamentarian.

Senior Student Council members are Donna Ferro, Sharon Bartosiek, Deb Lamer, Dena Takmajian, Pat Patton, Linda Stegmeyer, Lynn Fraley, Betty Hogan, Vicki Couch, Pam West, Robyn Robertson and Brenda Reed.

Two-year members are Alice Ralis, Randy Young, Sandy Harper, Randy Legate and John Gage.

Their first appearance will be Saturday night before the Delta Kappa Gamma sorority at the Lewis & Clark restaurant.

Nine Girls Form New Vocal Group at GCHS

Nine Granite City high school girls have been selected to form a new vocal group to present semi-classical and semi-popular music under the direction of Warren Simpkins.

They are Jan Seymour, Maureen Roney, Brenda Kinworthy, Delores Brewer, Elaine Orloff, Vicki Mercer, Jan James, Jackie Hayes, Joanne Travis and Janet Young, accompanist. They were among 20 girls who tried out and were chosen on the basis of voice quality, attitude and musicianship. Simpkins said the group should be ready to perform locally about Nov. 1.

Eight Cheerleaders Work at GCHS Games

Eight cheerleaders currently are at work at Granite City high school football games. They are Deb Byers, Kathy Crawford, Sharon Bartosiek, June Fowler, Jeanie Krakoff, Donna Ferro, Linda Lybarger and Dena Takmajian. All are members of Red Peppers, a requirement. They tried out last spring after the end of the basketball and wrestling seasons. Three of the members are new to the squad this year. They are Deb Byers, Sharon Bartosiek and Linda Lybarger.

Employment Panorama To be Held at Campus

Southern Illinois University-Southwestern campus will present a two-part program Oct. 11 and 18 at the main campus to acquaint students with all phases of employment.

Entitled "Employment Dimensions Panorama," the extended briefing features an afternoon seminar Wednesday in the Communications building and a day-long career conference one week later at the University Center. Both sessions are sponsored by the University Placement Services.

Robert C. Morton, director of personnel administration at Ralston Purina Co., St. Louis, will be the key speaker of the seminar beginning at 1:30 p.m. His topic will be "Business Opportunities."

Other talks will be by Mrs. Goldie Orr, counselor of the Illinois State Employment Service and the Youth Opportunity Center, both East St. Louis; Leonard Jones, professor in the Science and Technology Division and Kenneth H. Myers, dean of the Business Division at SIU-SW.

The program will also include a film "Where Do I Go From Here."

Representatives from more than 35 companies and governmental agencies will be on hand at 9 a.m. for the university's first annual career conference in the center. They will have booths in the main lounge area where they will show materials and discuss career plans with students.

David R. Van Horn, assistant director of placement services, said both sessions are open to the entire student body, as well as to other persons with a degree.

'Y' Teen Town Dance Set Saturday Night

The YMCA Teen Town will feature "Mogán David and the Grapes of Wrath" at its dance from 8:30 to 11:30 p.m. Saturday. All high school students are invited. The band has played at such places as the University ballroom in Benid, the Castaways and other area night spots. Last Saturday's dance, which featured "The Bossmen," attracted about 500 high school students. "The Bossmen" will return for another engagement in late October or early November.

'Yule Mail Call' Bolsters Lonely GIs During Holidays

Another lonely Christmas away from home is in prospect for Specialist Fourth Class Wayne D. Grayson who, this year, will spend his second Yuletide season in Korea, where he has been stationed for the past 14 months.

A son of Mr. and Mrs. Robert Cropps, 2448 Cleveland Blvd., SP4 Grayson's name and address is listed with other Quad-City military personnel, whose addresses appear in today's edition "Yule Mail Call."

Local relatives, friends, church groups and service organizations are invited to submit the names and addresses of Quad-City servicemen and women stationed at home or overseas for inclusion in the pre-Christmas project. Last year, more than 525 names were submitted to the pre-holiday service.

Readers are reminded to clip and save "Yule Mail Call" lists as they are published, adding the names of the servicemen to their own Christmas mailing lists. Names and addresses will be printed as they become available.

Those submitting the servicemen's name, rank, serial number and correct address are asked to identify themselves on the post card, letter or slip of paper in envelope.

MHS Student Honored For '67 NMST Score

Mrs. Judith Murphy Williams, a senior at Madison high school, has received a letter of commendation for her 1967 National Merit Scholarship Test score, Francis Dant, principal, announced.

She is among 40,000 students in the U. S. who scored in the upper two per cent in the test. The commended students rank just below the 14,000 semifinalists who were announced in September.

They advanced no farther in national competition, but the commendation states that they give promise of continued success in college.

Names of commended students are reported to other scholarship granting agencies and to the colleges they named as their first and second choices at the time they took the tests. The reports include the home addresses, scores and career intentions of the students.

Mrs. Williams resides at 1713 Rhodes street.

New University Center Featured in 'Fortune'

The University Center at Southern Illinois University's Edwardsville campus is among buildings featured in an article on university construction in the October issue of Fortune magazine.

Fortune says the photographs accompanying the article are "exceptional examples of architectural quality" unlike most college construction which is "an uninspired answer to simple engineering equation: each student needs an average of 150 square feet of academic space." The sunken lounge of SIU's Center is shown in color. The University Center, financed from the sale of revenue bonds, was completed earlier this year at a cost of \$4.8 million. It was designed by Hellmuth, Obata and Kassabaum of St. Louis.

Sorority Plans Rummage Sale

A business meeting of Eta Chapter of the Phi Tau Omega sorority was held Monday evening at the Elk's Club. Twenty-three members were present. Mrs. Lois Winter, president, was in charge and plans for a fall rummage sale to be held in November were made. Mrs. Valeta Baader and Mrs. Frances Hartman were named co-chairmen of the event.

Also discussed was the October social meeting at which Mrs. Evelyn Todd, Mrs. Barbara Barr, Mrs. May Lou Richeson, Mrs. Lois Hodge and Mrs. Harriet Horn are to serve as hostesses. The prize for the evening went to Mrs. Judy Adams.

CRADLE SHOWER FOR ABSENT HONOREE

An unusual type cradle shower was held this week for an absent honoree, Mrs. Larry Noblin of Houston, Tex., the former Linda McCollegan of this city.

The party was held at 2545 Morrison road, and the hostesses were Mrs. Donna Polette and Mrs. Marie Millan.

Games were played and instead of the usual gifts money was awarded in cards to Mrs. Noblin. A phone call was made during the shower to inform the honoree of the party.

After the games, refreshments were served to Pauline Stark, Evelyn McCollegan, Joyce Gibbons, Florida Batson, Mrs. Kubelka, Ben Lanahan, Kathie Brady, Helen Santagato, Margaret Baize, Ruth McCollegan, Leora Noblin, Helen Lipchuk, Esther Harris, Bessie Harlow, Olive McCollegan, Fay Briggs, Gloria Schuman, Ann Blenckle, Thelma Mitchell, Connie Bocerra, Alice McQuinn, Sallie Coleman, Jackie Richie, Elaine Harper, Alice Hill and Earleen Hayes.

New Venice School Plan Treats All Alike, Opens Building for Vocational Training

The elementary pupil assignment plan announced by Venice school officials Monday night to go into effect in January appears to have received the approval of most parents of the district as well as the federal attorneys who had sought some change in the present two-school enrollment structure.

It undoubtedly will end any unfairness by treating all students alike—assigning them to the same grade school. Heretofore, one school had more crowded classes than did the other building.

No policy would please everyone but the school authorities now may be on the way to solving a districting problem that had plagued them for a number of years. It will be to the Editor that they carry out the proposed construction of additional classrooms at Venice grade school and then take any other steps necessary to keep class size to a reasonable level.

Cost of the building addition may be offset in the school district budget through economies stemming from operating only one rather than two elementary schools.

Lincoln grade school, still a valuable and useful property, should not be left idle. Fortunately, there is hope of utilizing it as a regional vocational education center financed primarily by the state government.

CD Sirens Recall Valuable Volunteer Aid

The easily heard civil defense sirens that sounded their monthly test signal Tuesday morning brought to mind the wise counsel of the late Floyd T. Mitchell, who had cautioned against proceeding with such an installation a few years ago because the sirens available then for weather and other alerts were too costly and inefficient.

Other cities went ahead but later halted the program after frustratingly heavy investments. Granite City subsequently proceeded to purchase its present siren network on the recommendation of a committee headed by Mitchell, who cited recent design improvements.

His untimely death this summer immediately following his retirement at the Power Co. area engineer prevented him from devoting increased time to the CD program, as he had

(Second of seven reports by the U. S. Office of Education tracing the history of education in America.)

In 1767, no more than one of every fifty Johnny Aldens went on to a Latin school or higher education.

During the next half-century, schools and colleges multiplied rapidly. Despite the testimony of the newspapers of those years (they opposed free public education) and the tax records (they showed no public support for public schools), Americans were hungry for learning.

It is quite common for townsmen to build a school with their own hands, chip in to hire a teacher, and then design a course of instruction for their children.

This is how the "common" or public elementary schools were established; this is how the district system came into being.

A loose collection of educational stations—autonomous, small educational districts rather than an organized system in any literal sense, the district system was based on the smallest possible administrative unit: one, one teacher, and one local board to supervise.

In any case, this was the beginning of the distinctively American public school arrangement, born in New England and spreading from state to state across the nation.

planned to do. But the monthly siren schedule will continue to remind local residents of his valuable contributions to the defense staff and other organizations.

Give Enough to the United Fund To Finance All 20 of Its Agencies

United Fund solicitation properly calls attention to the fact that enough dollars are needed to operate not only 20 agencies.

If all such agencies sought their own financing, Quad-Cityans would be plagued constantly by appeals for financial support. Since the agencies have consolidated their drives for the convenience of the public, local residents and employees will want to keep faith with them by giving generously so that all 20 can remain in operation during 1968.

The honor roll of participating organizations is of which all Quad-Cityans can feel proud—Health Services, Coordinated Youth Services, Girl Scouts, Boy Scouts, YMCA, Red Cross, Catholic Charities, Protestant Welfare Agency, Southern Illinois Foundation, Boys' Town of Illinois, Fraternal Society of Retired Members, Association for Aid to the Retarded, Illinois Children's Home and Aid Society, Madison Teen Town, USO (United Services Organization), Visiting Nurse Association, AFL-CIO Community Services, Family Service Agency and Salvation Army.

Instead of "Give to the United Fund," the campaign slogan accurately, if not briefly, could well be: "Give to the Health Services Fund. Give to the Coordinated Youth Services. Give to the Girl Scouts."

There is nothing mysterious about the United Fund—uniting of 20 agencies that daily strive to make this community the kind of place all can live satisfying, healthful, challenging, effective and enjoyable. And there is no mystery about the source of funds for its importance services; the money must be provided by each of us, or it will not be there.

If Quad-Cityans give in the unit way, and give their fair share, each will know that he has done a great deal for himself, his family and the remainder of his community. And because all expenditures are accurate and duplicated, it is avoided, each contributor has assurance that full value will be derived from his gift.

Varied Public Service by A. L. Laur, Fourth to Head Chamber of Commerce

The death of Arthur L. Laur recalls the service by him and 15 other men as president of the 27-year-old Tri-Cities Chamber of Commerce only organization with a full-time staff devoted solely to the economic and civic development of this community. He was the fourth president serving in 1967.

The Quad-Cityans are fortunate in that only three of this outstanding group, Mr. Laur, Mr. Edwin F. Wagner and Mr. Harry C. Swan, are no longer living. The others are B. E. Hohl, E. C. Schmitt, Henry D. Schmitt, Harold R. Fischer, Paul A. Grigsby, Carl A. Ranft, Ernest A. Karandjef, Ernest E. Veil Jr., Samuel A. Meyer, Paul H. Lichtenberger, Chester L. Bader, Carl E. Mathias and Howard W. Kaseberg.

Mr. Laur's leadership in such groups as the Chamber, United Fund, Board of Realtors, Optimists, YMCA, and others, has had a favorable impact on the Quad-Cities, as did his service on the Granite City park board and his career in the mortgage and real estate field.

Early Schools Formed Mainly to Provide Knowledge of the Bible

(Second of seven reports by the U. S. Office of Education tracing the history of education in America.)

In 1767, no more than one of every fifty Johnny Aldens went on to a Latin school or higher education.

During the next half-century, schools and colleges multiplied rapidly. Despite the testimony of the newspapers of those years (they opposed free public education) and the tax records (they showed no public support for public schools), Americans were hungry for learning.

In any case, this was the beginning of the distinctively American public school arrangement, born in New England and spreading from state to state across the nation.

The early Americans supported education not so much because they considered it a desirable end in itself but because they believed it would further the interests of religion.

Unlike power boats which you test for a speed of so many knots, the 12-motor is tested by comparison with one another. If one boat is one-third faster—or even a difference—it can make a difference.

Measuring such small differences requires highly accurate equipment and considerable technical skill. Results of the tests are carefully guarded and no comparison of results is allowed.

Freedom of Press Belongs to the People, Safeguards Rights of All

There are 300 to 400 "pools" in the year, and one of them is National Newspaper Week—the one week when newspapers pause to report some of their own efforts, hopes and purposes... and their roles in the social and economic life of their communities.

(Next week will be observed as National Newspaper Week, this year's theme being "Newspapers Get Things Done.") In connection with the observance, the following article has been written by Theodore A. Struth, executive vice-president of the National Newspaper Association.

Who ever told that noisy editor he had a right to pry into what happened at our council meetings? What gave that reporter any idea that he could write about the school directors the way he did?

The reporter could say there is no law, rule, regulation or order that specifically requires a newspaper reporter to copy from city council, school board or court sessions.

The Constitution says, "Congress shall make no law... abridging the freedom of the press."

One can search out all of the rights down to the Freedom of Information bill passed by the 89th Congress, and find nothing further about "the press."

The same can be said of state law. Most state constitutions recognize the freedom of the press to publish news, but none particularize these rights, or set down any press responsibilities. The newspaper is not required to report the city council meeting or send someone to the school directors' session.

The reporter could stay home. Nor do laws specify that "the press" be accorded any special treatment before any public body. "Open meeting laws" usually do not mention newspapers, reporters or news media.

They simply affirm the right of the public at large to attend and observe meetings of governing assemblies. Mrs. Smith, then, can "cover" the city council—for her neighborhood, or just for herself.

The principle of open government meetings was established for the people—the resident, the voter, the taxpayer, all the governed—not solely for the press or its representatives.

Why is it that the "right to know" and "freedom of information" always seem to be linked with the press?

In the very early days of American settlement all of the people of a local community would gather in the town meeting and determine the affairs of the community. Almost everybody attended, and those who didn't soon learned from the informed majority.

But villages soon grew into cities, and the "pure democracy" of the town meeting gave way to representative democracy.

Government was growing more remote from the people. It was also growing more complex.

Yet the citizen, as a voter, had the same responsibility to report on the public as the reporter. It followed naturally that the nation's fledgling press should fill the role of reporter and commentator on public affairs.

No one passed a law requiring it. The Founding Fathers simply held that a private press, given the guarantee of freedom to do so, would accept the responsibility. And of course it has.

For nearly two centuries newspapers have attended meetings of governing bodies, reporting and interpreting in behalf of the public.

The reporter attends city council meetings as a member of the public. He has a right to be present only as long as the public retains that right. The newspaper is not a council's decisions—or lack of them—as an ordinary citizen.

Who is to take the place of the reporter by the printing press at his disposal, it gives him no special rights. He can comment only as the public has a privilege of commenting.

The "right to know" and "freedom of information" are concepts with which the newsman works every day. The same professional tradition which compels him to be present at the city council meeting compels him to insist on access to these public rights.

For he knows, and the public should always realize, too, that in all that he does the newspaperman acts as a citizen, in behalf of his fellow citizen.

The Tri-Cities Steel Company, incorporated under the laws of Delaware with a capital of \$1,000,000, yesterday closed a deal whereby the company will take over eight and one half acres of ground in Madison, and immediately begin the erection of a rolling mill and warehouse. Initial cost of the plant will be more than \$100,000.

The mill will be equipped with the latest improved machinery and will have an initial capacity of 200 tons a day. The plant will be 300 feet long and 100 feet wide.

It will be used for the manufacturing of rolling mill products, such as railroad supplies of all kinds, rail joints, tie plates, other steel products.

Walter F. Coolidge of the Tri-Cities City Club and the Tri-Cities Council appeared on the program of the Ladies Coterie Thursday afternoon with an address on "Civilian Defense." Coolidge is dean of the air raid ward school and his talk dealt principally with that phase of defense work.

The club meeting was held in the parlors of the Presbyterian Church, with Mrs. Harlan Jackson as hostess.

Others on the program were two Tri-Cities high school, Miss L. McCasland and Louis Popow. The former gave a reading of "America's Will to Work" and the latter a scene from the one-act play, "Sugar and Spice."

Mrs. Arthur Ryan of State street held a party for her 15th birthday. The party was marked for eight and Mrs. Roy Massey, Miss Margaret Heider, Mrs. Edwin Michel and Mrs. Opal Ryan received prizes.

Half-Year County Sales Tax Funds Show 3% Gain

Although unincorporated territory in Madison county continues to shrink slowly, business activity is continuing a gradual rise, as reflected by latest county sales tax figures. The Illinois Department of Revenue is forwarding to the Madison county treasury \$20,577 as half-cent-a-dollar taxes on June sales, boosting to \$98,559 the revenue derived by the county government for 1967. This compares with \$96,553 in the first half of 1966, \$94,409 in January-June 1965 and \$79,565 in the first half of 1964. The June 1967 report shows \$21,632 collected, including \$21,635 retail occupation taxes and \$47 leasing taxes. This was decreased to the \$20,577 total by deduction of \$247 in protested taxes and \$857 (4%) retained by the state to meet its administrative costs. Monthly comparisons for 1967 and 1966, in that order, are: January, \$14,498 and \$13,674; February, \$13,264 and \$12,524; March, \$17,484 and \$17,254; April, \$16,743 and \$16,246; May, \$16,845 and \$16,444; and June, \$20,577 and \$19,907.

Expert on Slavic Affairs To Speak Here on Sunday

One of the highlights of the 40th anniversary observance of the Sacred Heart Polish National Catholic Church, 930 Reynolds street, Madison, Oct. 8 will be an address by Dr. Stanley Kimball, professor of history at Southern Illinois University, Southern campus. The banquet and program will take place at 4 p.m. at the American Legion Hall in Venice. Dr. Kimball is a well-known speaker on Slavic affairs. After having taught at the College of receiving his Ph.D., Dr. Kimball is now at the City of New York; Columbia University; Institute of European Studies in Vienna and Washington University (summer). He has been professor of history at SIU-SW for nine years. Since 1948 Dr. Kimball has made five trips to Europe for a total of 55 months work and study abroad. The trips included the countries of Russia, Poland, East Germany, Czechoslovakia, Hungary and Yugoslavia. He is the author of 24 books, articles and reviews. In the Quad-City and St.

\$31,200 State Grant To GC to Teach Gifted

The Granite City school district has received word from Ray Page, superintendent of public instruction, that the Office of Public Instruction, Illinois Department of Program Development for Gifted Children, has approved a reimbursement program in the district for the 1967-1968 school year. The amount made available and financed through the Illinois Plan for Program Development for Gifted Children is \$31,200. It makes possible pilot studies of ways in which the curriculum can be broadened and enriched so that all pupils can use their school time constructively and interestingly. The "Illinois Plan" commits the state to a large-scale effort to improve the services of public schools to gifted and talented students. It was instituted Aug. 5, 1963, and acceptance and implementation have more than doubled each year since its inception. Today, 68% of all public school children in the state are enrolled in schools providing special programs for gifted children. Page praised Granite City school system for planning "challenging programs of education for this segment of the school population."

HIGHEST HONOR of Scottish Rite Freemasonry, the 33rd degree, awarded recently to three area members at the annual sessions of the northern jurisdiction of the supreme council of Scottish Rite at Pittsburgh. Police Distributing Anti-Burglary Advice

Pamphlets on "How to Protect Your Home—a guide to the home owner and apartment dweller" are being distributed by the Granite City police department to local residents. The pamphlets were prepared by the National Council on Crime and Delinquency which noted that more than 1,170,000 burglaries took place last year. They include helpful hints for safeguarding property, including automobiles. The department has received 10,000 copies, and Police Chief Ronald Veizer is asking the help of various individuals and organizations in the distribution. Those wishing to do so may call the local police station.

Four Hubcaps Stolen

Young Artist Recital Sunday at SIU-SW

The first program in the 1967-68 series of Young Artists Recitals, sponsored by the music faculty at Southern Illinois University-Southwestern campus, will be given Sunday at 3:30 p.m. in the Lowrey Library auditorium. Featured will be two teenage pianists, selected by auditions last spring. They are Mary Anderson, formerly of University City, Mo., now of Altoona, Pa., and Jeffrey Chapell, a sophomore at Hazelwood high school in St. Louis county. The Young Artists Recital series was inaugurated by SIU-SW's Fine Arts Division to encourage outstanding area high school and college musicians and to give them an opportunity to perform in public.

Auto Battery Stolen

The battery in his 1960 model station wagon was stolen by thieves who cut the battery cable to remove it, according to a report to Venice police by Avery Curtis, 1115 Bissell street, Venice, Monday afternoon. He said the car was parked in the yard at his home when the theft occurred.

IEA Division Meeting Set Oct. 13 at W. R.

More than 2100 educators of the Marquette division of the Illinois Education Association will meet Oct. 13 at the Wood River high school gym for their ninth annual meeting. The division includes six area counties. Guest speakers will be Dr. Kenneth McFarland, Topeka, Kans., and Goebel Patton, Springfield. Dr. McFarland, who designed and built a trade school in Coffeyville, Kans., is guest lecturer for several of the nation's largest corporations and trade associations and does many independent engagements each year. Patton is public relations director of the IEA and is a member of the Illinois Advisory Council on Education and chairman of the joint committee of the Illinois Congress of Parents and Teachers, Illinois Association of School Boards and the IEA.

DR. W. W. BENNETT Evangelist

Dr. Wm. W. Bennett To Speak at Trinity

Dr. William W. Bennett, minister of First Methodist Church, Rock Island, Ill., will be guest speaker at evangelistic services to be held at Trinity Methodist Church, East 25th and Henry streets, beginning Sunday and continuing through Oct. 15 at 7:30 each evening, with the exception of Saturday, Oct. 14. Dr. Bennett is the son of a Methodist minister, Rev. W. W. Bennett, and was graduate from McKendree College and did graduate work at Washington University. He received a B.D. degree in 1942 from Garrett Theological Seminary in Evanston, Ill., and an honorary Doctor of Divinity degree at MacMurray College in 1958. Dr. Bennett has been a delegate to both the General and Jurisdictional conferences of the Methodist Church, served as chaplain during world war II and served as minister at a number of Central Illinois churches. He was district superintendent of the Bloomington District of the Central Illinois Conference. Many people in the Granite City area will remember Dr. Bennett's brother, Rev. Herbert Bennett, a former pastor of Niedringhaus Memorial Methodist Church. The pastor of Trinity Church, Rev. Clair Clark, said a nursery will be provided for families with small children.

Traffic Court Confab Scheduled Oct. 16-20

A Traffic Court Conference will be conducted by Northwestern University School of Law in cooperation with the American Bar Association Traffic Court program and the Traffic Institute of Northwestern University.

The conference will be held Monday, Oct. 16 through Friday, Oct. 20 for judges, prosecutors and others working in the traffic court field.

In announcing the program, the co-sponsors pointed out that the continuing seriousness of traffic accidents and congestion on the streets and highways points up a need for improving the handling of cases in courts which try traffic offenses.

UNITED FUND CAMPAIGN AWARD, the first of the current \$384,000 fund drive was presented during Monday evening's kickoff banquet to the employees of F. W. Woolworth Co. and the firm, who were represented by Mr. and Mrs. Frank Schwallier. Veizer to Attend U. S. Police Chief Seminar

Granite City Police Chief Ronald Veizer has been awarded a scholarship by the Office of Law Enforcement Assistance, U. S. Department of Justice, to attend a pilot program seminar Oct. 23-Nov. 10 at Northwestern University, Evanston.

He is one of 25 police chiefs throughout the U. S., to be chosen for the program. He responded to a request by the Justice Department last February to apply for the program, and 466 applications were received.

The scholarship provides for tuition and room and board, while the city council Monday night approved travel expenses.

DOES YOUR HEALTH INSURANCE KNOW WHAT YOUR AUTO INSURANCE IS DOING?

There's a lot of difference between your health insurance and your auto insurance. . . . Neither of them are much like your fire or life insurance. Except they all come out of your family's budget. And they all protect the same family. Shouldn't they all come from the same insurance agent?

Report on Continuous Progress Plan Tonight

What is the continuous progress school? How is the continuous (non-graded) school serving children of this community? What would an authority in the field of education say about this program as it is being initiated in the Granite City school district?

Such questions will be answered at 7:30 tonight in the Granite City high school auditorium by Dr. Joseph Halliwell, dean, Department of Education, State University of New York College. He will discuss with all interested persons the topic of the continuous progress school.

"We hope that every parent and person interested in the education of our youth will accept the opportunity to hear an excellent speaker discuss this program as it applies to our local situation," W. Richard Brinkhoff, acting director of the gifted program in the Granite City district, has commented.
